BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri A. K. DE, District Judge,
Presiding Officer, Fifth Industrial Tribunal.

Present for the Companies: Shri N. K. Mukherji, Advocate and Shri S. C. Majumdar, Managing Director of the Companies.

Present for the Association: Shri Anil Das Choudhuri, Advocate.

The Government of West Bengal, by its Labour Department, order No. 825-I.R./IR/13L-6/65, dated the 24th February 1965, referred to this Tribunal, under section 10 of the Industrial Disputes Act, five issues between Messrs. A. T. Dev (P) Ltd., and their allied concerns (hereinafter caused the Company) and their workmen represented by the Press Employees' Association (hereinafter called the Union) for adjudication.

Being served with notices both the Company and the Union appeared before the Tribunal and filed their respective written statement. In due course the case was fixed for evidence and hearing on 18th March 1966. On 16th March 1966 the Company, through Shri S. C. Majumdar, Managing Director, and the Union through Shri Anil Das Choudhuri, Vice-President of the Union, on behalf of the workmen, filed a joint petition praying that an award on the basis of the terms of settlement therein embodied be made by the Tribunal. The Tribunal considers the said petition and is satisfied that the terms are fair, just and legal. It appears to the Tribunal on a reading on the term No. 2 in the joint petition that there is no longer in existence any dispute in respect of the issue Nos. 2, 3, 4 and 5, i.e., working hours, bonus for 1962-63, permanency and abolition of piece-rate system. The Tribunal notices that Shri Ratan Dalal, the workman concerned, has been paid by the Company Rs. 400 and he has in consideration thereof given up his claims for lien in service, arrears of pay and/or any other compensation whatsoever. In view of this the Tribunal decides that it is not necessary to adjudicate as to whether the dismissal of Shri Ratan Dalal is justified or to what relief, if any, he is entitled. In the result the award of the Tribunal is—

(1) there is no longer in existence any industrial dispute in respect of the issue Nos. 2, 3, 4 and 5 of the order of reference and (2) it is not necessary to decide whether the dismissal of Shri Ratan Dalal is justified or not. The said issue No. of the order of reference be disposed of in terms of the joint petition of the parties filed on 16th March 1966.

The Tribunal directs that the said joint petition of the parties, dated 16th March 1966, be made part of the award and annexed thereto.

Dictated and corrected by me.

AWARD

By order No. 4283-I.R./IR/10L-51/65, dated the 27th September 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Current Automobiles Works, 110/1/1A Middle Road, Calcutta-14, and their workmen represented by the Sramik Union, Howrah, 63/1 Kali Banerji Lane, Howrah, regarding the matter specified in the schedule, to this Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the dismissal of Shri Manindra Chandra Roy is justified? What relief, if any, is he entitled to?

In pursuance of notice issued by the Tribunal, the workman of Messrs. Current Automobiles Works represented by the Sramik Union, Howrah, appeared and filed written statement.

The union complained about dismissal of the workman Shri Manindra Chandra Roy and submitted in the written statement filed that the said dismissal was not justified. Shri Manindra Chandra Roy was appointed in the firm in June 1962 at a salary of Rs. 150 per month and at the time of his dismissal, he was the only Clerk-cum-Accountant of the firm. The proprietor of the firm failed to pay him any wages since January 1964 and Shri Roy repeatedly requested for the money as he was in great need. For this, the proprietor got infuriated and dismissed Shri Roy verbally on 30th April 1964 after the working hours. The proprietor did not issue any letter of dismissal and did not even pay his arrear wages since January 1964. The union took up his case with the Conciliation Officer but as conciliation failed, the matter was referred to the Tribunal. The dismissal of Shri Roy is challenged as unjustified, mala fide and as an act of victimisation.

The company did not appear before the Tribunal though duly served with notice. The matter was, therefore, taken up for ex-parte hearing on 15th March 1966. In his evidence before this Tribunal on that date Shri Manindra Chandra Roy stated that he has been dismissed from service after working hours, on 30th April 1964 as the management was annoyed with him for his repeated demands for his arrears pay since January 1964. He further stated that the company had not given him any charge-sheet or any dismissal letter and had not also held any enquiry over the question of his dismissal. All these allegations of Shri Manindra Roy against the company were also contained in the written statement filed on behalf of the union and as notwithstanding the service of the notice of reference on it, the company has not chosen to appear before this Tribunal to justify the dismissal of Shri Manindra Roy, it must be held on the evidence of Shri Manindra Roy that he had been dismissed from service witout any charge-sheet, without any enquiry. The dismissal of Shri Manindra Roy must, in these circumstances, be held to be unjustified. He is accordingly entitled to reinstatement and back wages at the rate of Rs. 150 per month.

This is my award, which is to be implemented within 30 days of its publication in the "Calcutta Gazette."

Rly., Howrah, and their workmen represented by the Howrah Goods Workers' Union, 7B Rani Rashmoni Road, Calcutta-13, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

ANNEXURE

In the matter of an industrial dispute existing between Messrs. J. P. Singh & Sons, Contractors, Howrah Goods, E. Rly., Howrah, and their workmen represented by the Howrah Goods Workers' Union, 7B Rani Rashmoni Road, Calcutta-13. (Case No. 273/64).

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri A. K. DE, District Judge,
Presiding Officer,
Fifth Industrial Tribunal.

Present for Messrs. J. P. Singh & Sons: Shri Biswanath Ash, Advocate.

Present for Messrs. H. C. De & G. K. Agarwala: Shri P. K. Sanyal and Shri T. P. Chatterji, Advocates.

Present for the Union: Shri J. N. Pandey, President of the Union.

This relates to a dispute referred for adjudication under section 10 of the Industrial Disputes Act by the Government of West Bengal, in its Labour Department, order No. 4421-I.R./IR/11L-129/63, dated the 21st September 1964, between Messrs. J. P. Singh & Sons and their workmen represented by the Howrah Goods Workers' Union. The issue in two parts arose on the following facts, mostly not in dispute.

There are goods sheds, inward and outward, under the Eastern Railway at Howrah and Ramkrishtopur. Goods are loaded into and unloaded from railway wagons there. The Eastern Railway engages contractors to do that work. The contractors are engaged for a period of 3 years by calling tenders. The contractors, when they are so employed by the Eastern Railway engage labourers for doing the work. This system is in existence for quite a number of years. Messrs. R. P. Pandey & Co. were contractors for the term ending on 30th November 1963. The labourers engaged by Messrs. R. P. Pandey & Co. placed a charter of demands through the union named in the order of reference in the early part of August 1963. The contractors did not settle the dispute. Ultimately the matter was handled by a Conciliation Officer before whom a settlement was arrived at between the said contractors and their labourers on 27th November 1963. The said contractors implemented the terms of that settlement fully. In the meantime tenders were called by the Railways for appointing new contractors and on the basis of tenders Messrs. J. P. Singh & Sons, the party mentioned in the order of reference, were given the contract by the Eastern Railway on and from 1st December 1963. The labourers who were in employment of R. P. Pandey & Co. were employed by the succeeding contractors, but they refused to act according to the terms of settlement arrived at between Messrs. R. P. Pandey & Co. and the labourers. They offered to make payment at rates lower than those agreed in the settlement. The labourers gave notice of strike. Thereupon an agreement was made between the succeeding contractors and the labourers on 2nd March 1964 to refer the dispute between them to the Tribunal. The labourers, therefore, through the union, insist that the succeeding contractors are oblige to fulfil the terms and conditions of settlement with Messrs. R. P. Pandey & Co. Alternatively they claim that they are entitled to the pay and privileges which Messrs. R. P. Pandey & Co. agreed to grant and granted before their term was over.

The contractors, Messrs. J. P. Singh & Sons, disputed the claims of the union, firstly, stating that the settlement made My Messrs. R. P. Pandey & Co. was a mala fide and vindictive one with the object of making it impossible for the succeeding contractors to perform their contract and, secondly, stating that the rates prevailing prior to the settlement between Messrs. R. P. Pandey & Co. and the labourers were piece rates on the basis of loading and unloading of one thousand maunds, and that the wages and conditions agreed in the settlement are such that they are unable to fulfil it on the basis of income from the contract.

During the pendency of the reference before this Tribunal Messrs. J. P. Singh & Sons surrendered their contract pleading inability to perform it, and thereupon Messrs. H. C. De and G. K. Agarwala were appointed contractors on the basis of tenders. They got themselves added as a party to the reference under section 18(3)(b) of the Industrial Disputes Act. They disputed the claim of the labourers stating that the settlement, if any, made by Messrs. J. P. Singh & Sons was not binding on them, and that became null and void because of its repudiation by Messrs. J. P. Singh & Sons. They further stated that there had been no change in the circumstances requiring alteration of the terms of the award made by the First Industrial Tribunal, West Bengal, in an industrial dispute between the contractors under the Eastern Railway, Sealdah and Howrah, and their workmen, published in the Calcutta Gazette (Extraordinary), dated 19th February 1959. The facts in respect of which the parties are in dispute will be stated in the discussion that follows.

The issue is,

"Whether the workmen are entitled to pay and privileges as contained in the agreement, dated 27th November 1963, with Messrs. R. P. Pandey & Co., the outgoing contractor?

If not, what relief the workmen are entitled to in respect of (a) Pay for various classes of workmen, (b) Leave and Holidays, (c) Duty hours and rates of overtime wages and (d) Weekly holidays."

The Tribunal has first to decide whether the workmen are entitled to pay and privileges as are recorded in the agreement, dated 27th November 1963, with Messrs. R. P. Pandey & Co., the outgoing contractors. This is really a settlement, wrongly stated to be an agreement, arrived at in course of conciliation proceedings under the Industrial Disputes Act between Messrs. R. P. Pandey & Co. and their workmen. The memorandum of settlement is Ext. 1. It was arrived at and signed by the parties and the Conciliation Officer on 27th November 1963. The terms of settlement came into effect from 1st November 1963. Messrs. R. P. Pandey & Co. ceased to be contractors on and from 1st December 1963. Messrs. J. P. Singh & Sons became contractors with effect from that date. The workmen claim that the pay and privileges in the memo. of settlement Ext. 1, are to be satisfied by the succeeding contractors Messrs. J. P. Singh & Sons. The question is whether the succeeding contractors are obliged to perform the terms of the memo. of settlement. Section 18(3)(c) of the Industrial Disputes Act provides that a settlement arrived at in course of conciliation proceedings under the Act shall be binding on the successors and assigns of the employer in respect of the establishment to which the dispute relates. That brings us to the question as to whether the succeeding contractors may be termed as 'successors' or 'assigns' of the previous contractors, Messrs. R. P. Pandey & Co. The question should be answered in the negative. It is not disputable that the contractors are appointed by the Eastern Railway every three years after calling tenders. The succeeding contractors do not come through the predecessor contractors. In fact, they have nothing to do with the predecessor contractors. They submit tenders to the Eastern Railway along with others in competition and are appointed by the Railways on the basis of their tenders. They cannot be said to have become successors or assigns of the predecessor contractors in respect of the establishment. It was stated in para. 5 of the written statement of the union that the Railway authorities insist upon the incoming contractors to see that the workmen employed by the outgoing contractors are continued in employment and their conditions of employment do not derogate compared to those obtainable under the outgoing contractors. But there is no material on record in support of that statement. The terms between the Eastern Railway and the contractors are all in the agreement which the successful tenderer executes. All these agreements are on the same terms. One may be looked into. Ext. A/1 is one of those agreements. It was that which Messrs. J. P. Singh & Sons executed. There is nothing in this agreement or in any correspondence proved in this proceeding to show that the Railway authorities insisted on the succeeding contractors to employ the workmen of the outgoing contractors on the same terms and conditions. On the other hand, para. 3(i) of the said agreement shows that the contractor shall employ only such men whose character has been verified by the police and declared to be suitable. The very fact that contractors are appointed every three years on the basis of tender shows that such a term cannot be insisted on by the Railway authorities. Again, para. 14 of the agreement shows that the contractor shall pay not less than the fair wage to the labourers engaged by him on the work. It is laid down there what the 'fair wage' means. It means the wages including the allowance notified at the time of inviting tenders for work, and where not notified, the wages paid for similar work in the neighbourhood. There is nothing to indicate that the contractors are to pay wages which their predecessors paid or were paying or agreed to pay to the labourers or that they are obliged to engage labourers of the outgoing contractors. The Tribunal decides that Messrs. J. P. Singh & Sons or for the matter of that the contractors succeeding them, i.e., Messrs. H. C. De and Agarwala are not obliged to make payment as in the memo. of settlement, Ext. 1, or to extend the previliges therein mentioned to the workmen they may employ or have employed. Necessarily, the first part of the issue is to be answered in the nagative. It is held that the workmen are not entitled to pay and privileges as contained in the agreement, dated 27th November 1963, with Messrs. R. P. Pandey & Co., the outgoing contractors.

Had the Tribunal come to the conclusion that the settlement, Ext. 1, is a settlement binding on the succeeding contractor or contractors, then the conclusion would have been that there is no industrial dispute. For, section 19(2) of the Industrial Disputes Act lays down the period of operation of settlements arrived at under section 18.

It is not the statement of either side that it has given any notice in writing of its intention to terminate the settlement. If the settlement is binding and is in operation, the same cannot form the subject-matter of an industrial dispute. In that case the Tribunal would have held that the Union is not entitled to any relief in this proceeding under section 10 in regard to matters covered by the memorandum of settlement, Ext. 1, dated 27th November 1963.

There was an alternative attack on the memo. of settlement, Ext. 1. It was contended by the two contractors that the settlement arrived at in the conciliation proceedings was mala fide and motivated by a desire to see that the succeeding contractors who, by submitting lower tender ousted the previous contractors, are compelled to give up their contract. The Tribunal does not consider it necessary to discuss this aspect of the matter in view of the decision arrived at in the preceding paragraph. It will be sufficient only to record the following facts and dates. Ext. 8 is the agreement of Messrs. R. P. Pandey & Co. Under it their term was to expire on 30th September 1963. It was later extended by 2 months and was to expire on 30th November 1963. The settlement was arrived at on 27th November 1963, just about 3 days before their term was expiring. Again, before that date, the Eastern Railway had already accepted the tender of Messrs. J. P. Singh & Sons for the period after 30th November 1963. In this state of things it would have been wrong to contend that the settlement arrived at on 27th November 1963, was not one actuated by bonafides. Further support of this is had from the fact that though the settlement was that the terms were given effect to from 1st November 1963 the witnesses examined by the union wanted to say before this Tribunal that they were paid in terms of that settlement for more than one month, Shri Dhanay, P.W. 2, stated that R. P. Pandey & Company paid wages to the workers according to the settlement for 4 months. Shri Nepal Munshi, P.W. 5, stated that he got 3 months' wages according to the agreement. P.W. 7, Shri Thakur Gopal Dey stated that he was given an advance of Rs. 80 for a month in addition to his wages by Pandey Company, before they ceased to be contractors. But as indicated above, the Tribunal does not think it necessary to make any decision on this point and leaves it undecided as unnecessary.

Having made the above conclusion the Tribunal proceeds to consider the second part of the issue as to what relief in respect of pay, leave and holidays, duty hours, rates of overtime wages and weekly holidays the workmen are entitled.

It has already been pointed out that para. 14 of the agreement between the Eastern Railway and the contractors is that the contractors shall pay not less than the fair wage to the labourers engaged by them. It is not stated or proved in this proceeding that at the time of inviting tenders for work the wages of the labourers were notified. Therefore, the contractors are to pay not less than the wages paid for similar work in the neighbourhood, or less than the wages prescribed by a Tribunal Award under the Industrial Disputes Act, 1947, where applicable to contract labour engaged on Railways in the locality in which the labourers work. It appears that the First Industrial Tribunal, West Bengal, made an award in respect of wages and privileges of the labourers engaged on Railways in this locality, and the same was published in the Calcutta Gazette (Extraordinary), dated 19th February 1959. The Tribunal by its award decided that all workers shall get one day as unpaid holidays in a week, or in other word, one day's unpaid holiday for 6 days' work in the week, and that all workers shall get two months' privilege leave without pay in a year to enable them to go home away from Howrah, and that no other leave or holiday is allowed to the workmen. It was further decided that the normal duty hours of workers shall be 8 hours in a day and 48 hours in a week, and that when a worker works for more than 9 hours in any day or for more than 48 hours in any week, he shall, in respect of overtime work, be entitled to wages at the rate of twice of his ordinary rate of wages. In this proceeding nothing was averred or proved calling for any alteration of the award of the Tribunal in those respects.

The only other question that remains is about pay for various classes of workmen. The First Industrial Tribunal in its award, referred to above, held that the wages of labourers under the Railway Goods Handling Contractors, as the two contractors here are, shall be at piece rates, and that in case of miscellaneous work the rate shall be annas 3 and 6 pies per man per hour, and that the Tindals shall get Rs. 8.12 more than a workman per month. Nothing was averred or proved in this proceeding calling for any revision of the rates awarded by that Tribunal. This Tribunal, therefore, decides that the labourers under the Railway Goods Handling Contractors are entitled in respect of pay, leave and holidays, duty hours, rates of overtime wages and weekly holidays the same as awarded by the First Industrial Tribunal in its award published in the Calcutta Gazette (Extraordinary), dated 19th February 1959.

If it were necessary to decide afresh the question, the Tribunal, having had no sufficient materials before it, would have held that the workmen under the Railway Goods Handling Contractors are piece-rated workers, and they were not entitled to any paid leave or paid holidays as their nature of duties would have been inconsistent with that. It is seen from the memo. of settlement, Ext. 1, that monthly wages were agreed to be paid to inward workers and outward workers, Tindals and other workmen excluding the office staff and the casual workmen at certain sums. The agreement, Ext. A-1 shows in para. 2, the nature of work which a contractor has to do. It is clear from that, that it would not be just and proper to have fixed any monthly wages for the workers. There were two types of sheds under the Railways,—one called

inward shed and the other called outward shed. Wagons are placed along the platforms of inward sheds for unloading goods, and wagons are placed along the platforms of outward sheds for loading them. Contractors' remuneration is stated at para. 4 of the agreement, Ext. A-1. Again, the maximum is fixed at para. 4(i). It is clear from this that the employment of labourers was dependent on the volume of work. Para. 1(iii) enjoins that the contractor shall provide at his own expense a sufficient number of able-bodied adult male labourers to perform all the work of porterage. He shall also arrange within 24 hours on demand of the Divisional Superintendent, Howrah, such additional number of labourers as may be required.

Again, working hours of the goods sheds will be as may be notified by the Railway Administration in each case from time to time, as in para. 1(v). Para. 17 of the agreement provides that the contractor shall be responsible for compliance with the provisions of the Hours of Employment Regulations in respect of the staff employed by him in the manner decided upon by the appropriate authorities. The very nature of the work required to be done by the contractors indicates that the labourers have to be employed on payment on the basis of work done, i.e., on piece rates. The union examined 8 witnesses. Of them one was an employee of the Railway to prove the tender form and the agreement. The labourers examined by the union are P.Ws. 2 to 5, and P.Ws. 7 and 8. P.W. 1 Shri Kishori Saran Srivastava, Manager of Messrs. R. P. Pandey and Co., stated that he did not remember and would not be able to say the rates at which they made payments before the agreement, Ext. 1. He also stated that the handling people were being paid at piece system. He also stated that he could not say if there was a guaranteed minimum for the workmen. He was the best person to say at what rates Messrs. R. P. Pandey and Co . paid or were paying the labourers. P.W. 5 Nepal Munshi stated that he gets a minimum wage of Rs. 80 a month and more depending on the volume of work done by him. Shri Ram Das, P.W. 3, stated that R. P. Pandey and Co. used to pay some workers at piece rates and some on monthly wages. It may safely be concluded from the evidence that the labourers were piece-raters. The evidence of O.P.W. 1 Shri B. N. Pandey, officer-in-charge of labourers under Messrs. H. C. Dey and G. K. Agarwala, and Sri Matukdeo Prosad, O.P.W. 3, an employee of Messrs. J. P. Singh and Sons is that the workers are paid on piece rate basis subject to a minimum guarantee of Rs. 52 for outward sheds and Rs. 55 for inward sheds, and that Tindals get Rs. 8.75 Paise plus the average rate of the workers under their charge, subject to a minimum of Rs. 80 per month. The evidence further is that G.A. workers are paid at 22 Paise per hour, and workers in the Iron Shed get Rs. 26.66 Paise per thousand maunds. If it had been necessary to make an award about pay of various classes of workers under the contractors, the Tribunal would have gone by that evidence. But as already indicated, that is not necessary.

It has been mentioned before that the 'fair wage' to be paid to the labourers in case the same was not notified at the time of inviting tenders, would be the wages similar to the workers in the neighbourhood, and not less than the award made by the Tribunal under the Industrial Disputes Act. In this proceeding no evidence was given to satisfactorily prove the wages paid for similar work in the neighbourhood. The oral evidence on this point by P.Ws. was not only not adequate but was also not definite. No conclusion can rest on that. It has already been pointed out that there is already an award by Industrial Tribunal about the wages of labourers doing similar work in the Railway Sheds in the locality. That being so and it not being proved that there are any circumstances requiring revision of the said rates, this Tribunal will go by the award of that Tribunal.

The evidence is that Bird and Co., Budhuram Agrahari, and H. C. Dey and G. K. Agarwala were contractors under the Railways for some years before this dispute between the workmen and Messrs. Pandey and Co., was raised. No papers of Bird and Co. was produced to prove the wages of the workmen in their time. Oral evidence on this point was unsatisfactory and contradictory. P.W. 2 Shri Dhanay stated that he had been a workman, as a G.A. labour, from the time of Bird Company. He stated that Bird and Company used to take 14 annas from each worker and supplied ration in lieu thereof. P.W. 3 Shri Ram Das said that Bird and Co., used to bear the entire expenses for the ration given to the workers and nothing was taken from the workers for the ration. P.W. 4 Shri Sitaram stated that he had been working as a labourer from the time of Bird Company, and that the Company used to pay Rs. 2.50 P. per day to inward shed workers and Rs. 2.25 P. per day to outward shed workers. P.W. 3 Shri Ram Das said that a worker under Bird Company used to get Rs. 65 a month. But at Rs. 2.50 or Rs. 2.25 the monthly wages would not be Rs. 65. So this evidence does not show the wages paid at the time of Bird Company. No papers of Budhuram Agrahari or any other contractors were brought. Ext. 10 shows that Shri Thakur Gopal Dey, P.W. 7, was appointed as a markman by Budhuram Agrahari at Rs. 77 a month. Ext. 10(a) is a letter of appointment of Bird Company. This shows that Thakur Gopal was appointed a markman at Rs. 77 a month. The paper marked Z for identification shows that Bisvanath was appointed as a markman at Rs. 77 a month by Budhuram Agrahari. Ext. 12 is the letter by H. C. Dey and G. K. Agrawala appointing Bisvanath as a markman on a monthly salary of Rs. 75 only. These papers do not show that the porters were engaged on monthly wages. The Tribunal does not think that this evidence is sufficient to say that the labourers in inward and outward sheds are not piece-rated workers or that they are time-raters. Ext. B is a notice by H. C. Dey and G. K. Agarwala showing the rates of wages to be paid to workers and is in compliance with the third sub-paragraph of paragraph 14 of the agreement, Ext. A-1. No evidence was brought to prove the

wages of office staff or markmen at the time of R. P. Pandey and Company. The Tribunal therefore decides that they are now getting the same wages as they were getting just before the memorandum of settlement, Ext. 1, was arrived at. Some evidence was adduced by the contractors showing that the workers had earned in some months sums in excess of the guaranteed minimum on the basis of goods handled by them. Some evidence was given also to prove that contractors had been compelled to pay demurrage on the basis of terms of the agreement in para. 10 for default in doing the work of loading and unloading within the specified time. They also gave evidence to prove that under para. 32 of the agreement they had to supply instruments required for the work from their own funds though they got nothing from the Railways for the same. They also tried to prove that they not only made no profits in some years, but also suffered loss. This evidence was given presumably for contending that on the basis of income under the contract it would not be possible for them to bear any additional expenditure for wages, etc., to the labourers. Whether that is so or not needs no consideration in view of the decision already arrived at.

In the result, the Tribunal answers the issues as follows:-

(1) The workmen are not entitled to pay and privileges as contained in the agreement dated 27th November 1963, with Messrs. R. P. Pandey and Co., the outgoing contractors.

(2) The relief the workmen are entitled in respect of (a) pay for various classes of workmen, (b) leave and holidays, (c) duty hours and rates of overtime wages and (d) weekly holidays, is same as awarded by the First Industrial Tribunal in its award published in the Calcutta Gazette, Extraordinary, dated 19th February 1959; or the existing wages and conditions if those are more favourable to the workers than the rates, etc., in the award of 9th February 1959, i.e., whichever is better and higher.

Is the dismissal of Shri Shyam Lal Saha justified?

To what relief, if any, is he entitled?

After the service of usual notice, the company had put in the written statement at first as directed and thereafter, the union had filed the written statement on behalf of the workmen. In the written statement submitted by the employer, there are only certain preliminary objections regarding the validity of the reference made by the Government of West Bengal to this Tribunal. It is rather strange that the employer had not filed any written statement regarding the merits of the case. As, however, the matter has been settled, the matter need not be further pursued. In the written statement submitted on behalf of the employer, it has been alleged that the Shop Assistants' Association of Bengal is not a trade union composed of the workmen employed by the employer, but it is an Omnibus Union having members who are not workmen of the employer, that therefore the union has

no locus standi and has no authority to raise the dispute or represent the workmen, and that the workmen of the employer are not at all interested in or concerned with the dispute regarding Shri Shyam Lal Saha. It is further stated that there is no existence of any dispute between the employer and the workmen.

In the written statement submitted by the Shop Assistants' Association of Bengal, it has been alleged, inter alia, that the Association had been registered under the Indian Trade Union Act, 1926, registration No. being 193, that all the 20 workmen working in the stores are members of the Association, that Shri Saha was employed by Messrs. Kalpana sometime in August 1963 as a salesman at a salary of Rs. 175 per month, 25 paise for daily tiffin, Rs. 5 per month as washing charges, 4 shirts and 4 pants per year and commission at the rate of 3½ per cent. on sale of Rs. 1,000 and that the workmen do not get leave or overtime wages or other benefits from the employer. The workmen made representation to the management of the stores, but no heed was paid to their request. They had raised the demand for Puja Bonus for 21 days in 1964 and also wrote a letter stating that if the management did not give the bonus on or before 7th October 1964 the workmen would be compelled to refrain from working. Ultimately, the management agreed to the demand for Puja Bonus and made the payment. The management, however, became very annoyed and suddenly by the letter, dated 11th November 1964, had dismissed the concerned workman Shri Saha from service with effect from 9th November 1964 without showing any reason and without holding any enquiry. The order of dismissal is illegal, void and in violation of the principles of natural justice. The concerned workman made several representation to the management but the management did not do anything. Then the concerned workman approached the Association with other workmen and the Association took up the dispute and referred the dispute to the Labour Commissioner, Government of West Bengal, by the letter, dated 16th November 1964. Thereafter, there was the conciliation proceeding but due to the adamant attitude of the employer, the conciliation proceedings failed. Thereafter, there has been the reference by the Government of West Bengal to this Tribunal. It has been prayed that the concerned workman may be reinstated in service with full benefits including the arrear wages.

The case was fixed after an adjournment on 24th March 1966 for peremtory hearing. On 23rd March 1966 a joint petition signed by Shri Ananda Swaroop Agarwalla, Partner of the business, by Shri R. C. Bhatiani who is the Manager of the business and by the concerned workman Shri Saha was filed. I have heard Shri Bhatiani and Shri Saha. Shri Saha told me that he has agreed to accept Rs. 900 in full and final settlement of all claims against the employer and had signed the petition of compromise. The terms of settlement were also confirmed by Shri Bhatiani. I consider the terms of settlement to be reasonable, bona fide and legal. I therefore pass a 'no dispute' award making the petition of settlement as an annexure to this award.

This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 1/6/65-AIS(IV), dated the 12th November, 1965, from Shri Jai Sukhlal Hathi, Minister of State in the Ministry of Home Affairs, to the Secretary, Lok Sabha.]

The President has, in pursuance of article 117(3) of the Constitution, recommended to the Lok Sabha the consideration of the All-India Services (Amendment) Bill, 1965.

FINANCIAL MEMORANDUM

The Bill, if enacted and brought into operation, is not likely to involve large expenditure from the Central Revenues. When the new All-India Services mentioned in the Bill will be constituted, the Central Government will have to bear expenditure on—

(a) Central deputation quota, and

(b) Incidental contributions towards pension, leave salary, etc.

2. As the Central Government is already bearing expenditure in respect of the officers in the Central Services engaged in 'agriculture' and 'education' duties, and in respect of officers borrowed from the State Governments on deputation, the extra expenditure involved under the All-India Services scheme for these Services will be small.

3. As the new All-India Services will be initially constituted from amongst the officers of the State Services, and even the subsequent direct recruitment which will be only a small percentage, will be made in a phased manner, it is felt that the additional expenditure, after the Serivces are constituted, is not likely to be considerable. Since the details of the cadre strengths of various State Governments and the Central deputation quota are still being worked out, it is not possible at this stage to give an estimate of the net expenditure involved.

S. L. SHAKDHER,
Secretary.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Calcutta River Transport Association, Royal Exchange, Calcutta-1 and its member companies named in the list attached on the one hand and their workmen represented by the Calcutta Boatmen Union, 11J Watgunge Street, Calcutta-23. (Case No. VIII-9 of 1965).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri AMBICA PADA BHATTACHARYA, Presiding Officer, Second Industrial Tribunal.

By order No. 11-I.R./IR/41-44/64, dated Calcutta, the 4th January 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Calcutta River Transport Association and its members companies named in the list attached on the one hand and their workmen represented by the Calcutta Boatmen Union for adjudication regarding the issues contained in the order of reference.

Issues

(1) Grades and scales of pay for Dandees and Manjhees; (2) Working hours for Dandees and Manjhees; and (3) Gratuity for Dandees and Manjhees.

This is a reference under section 10 of the Industrial Disputes Act. The employer is Messrs. Calcutta River Transport Association and its members companies. In the order of reference 11 companies are listed as members of the Association. The workmen are represented by Calcutta Boatmen Union. The written statement filed by the workmen submits the following facts. All the member companies are owners of steel barges and in every steel barge one Manjhi and 3 to 6 Dandees are employed. The barges vary in tonnage. Manjhis and Dandees employed by the member companies of the Association are very poorly paid. Their duty hours are not defined. Their duty requires attendance in the boat for 24 hours without any holiday. The work of the Manjhi and Dandee

involve loading of cargo in the barges and unloading of cargo from the Sea Going Vessels. The 11 members companies of the Association own 1,279 steel barges. The basic salary of the Manjhi is Rs. 52 and dearness allowance of Rs. 38, i.e., a total wage of Rs. 90. The Dandees get a starting salary of Rs. 31 and Rs. 38 as dearness allowance, i.e., total wages of Rs. 69. The employers are earning huge profits out of the business. The Port authorities pay total monthly wages of Rs. 150 to a Manjhi and Rs. 116 to a Dandee. The Port authorities scheduled the working hours for Sarengs and Laskars to 8 hours a day. The employers entered into an agreement with Bengal Mariners' Union prior to 1954 introducing scale of pay for Manjhis from Rs. 50 to Rs. 80; Dandees from Rs. 30 to Rs. 50 with dearness allowance of Rs. 30. The Calcutta Boatmen Union entered into an agreement with the employers on 23rd May 1964 on the question of the three issues under reference going to the Tribunal for adjudication. The union accepted as a temporary measure the increase in the scales of Manjhis and Dandees by Rs. 2 and Re. 1 in the basic wage respectively. In the month of November 1964 the consumers price index rose to 515 points. The minimum wage of an unskilled industrial labour should be fixed at Rs. 144. The employment of labour for 24 hours continuously is irregular and such a system is out-dated. The hours of work should be fixed as 8 hours. With regard to the claim of grades and scales the union sets down the following:—

Manjhi—Rs. 175—10—325.

Dandee—Rs. 135—8—245.

For the purpose of making adjustments, one increment should be given for 2 years of service. The union also claims gratuity for Manjhis and Dandees. Annexure to the union written statement is the list of 11 concerns and the number of barges employed by them. Annexure B is the Memorandum of Settlement with this union and basis of the reference.

The Association filed written statement on behalf of the 11 members companies. The trading results of the 11 companies will show that their financial position is not on very sound and steady footing. Most of the companies are running at a loss or with a very small margin of profit. Each steel barge employs one Manjhi and the number of Dandees vary according to the tonnage of the barge. It is not correct to say that the barges are worked 24 hours each day. Each steel barge on an average does not more than 1½ to 2 trips per month carrying cargo from the jute mills to the Deep Sea Going Vessels within the Dock area. The company revised the wages of Manjhis and Dandees from time to time. The work of Manjhis and Dandees of these employers have no comparison with similar work under the Port Commissioners. Work of a Manjhi is not of a skilled nature. Dandees and Manjhis are to be ranked with unskilled labour. The financial condition of the employers do not permit any revision of wages or any benefit by way of gratuity. The working hours cannot be limited to 8 hours from the very nature of the work undertaken by the employer. It is admitted that after the strike notice at the instance of Calcutta Boatmen Union there had been a settlement with this union on the basis of which an agreed reference had been made to this Tribunal. There had been an earlier agreement with the Calcutta Mariners Union. The principle of need based minimum wage as recommended by the Fair Wages Committee was never accepted as a guiding principle for fixing the minimum wage. The paying capacity of the employer can never be ignored. The Association accordingly is opposed to revision of the wage structure, of Manjhis and Dandees. With regard to the claim for fixation of duty hours the company resists the claim on the ground that the Manjhis and Dandees are not required to work for 24 hours. Their actual working hours are much less and from the very nature of work they do, it is not possible to fix any fixed duty hours for them. With regard to the claim for gratuity the company repels the claim on the ground that double retiral benefits should not be given and the employers have no financial capacity to bear the burden of a gratuity scheme. Some of the companies are paying provident fund and gratuity for the period not covered by Provident Fund.

Appearances of the parties are as follows:

For the Calcutta River Transport Association—Shri K. P. Basu, Counsel, with Shri B. K. Mookerjee, Advocate.

For the Calcutta Boatmen Union—Shri D. L. Sengupta, Advocate, with Shri Anil Das Chowdhury Advocate.

Before I enter into the merits of the case the locus standi of the Calcutta Boatmen Union may be looked into. There is no serious objection on this ground raised in the written statement or at the time of hearing. P.W. 1 Shri Imam is the General Secretary of the union. His evidence is that the 11 companies employ about 4,000 workmen, out of whom 2,400 are members of this union (Calcutta Boatmen Union). His evidence further is that the registration of the previous union, namely, Bengal Mariners' Union was cancelled in 1961. This evidence was not challenged in cross-examination. The agreements Exts. A and A(1) should be looked into in this connection. Admittedly in 1963, the Association entered into an agreement with the Calcutta Meriners' Union Ext. A(1) by which the basic pay of Dandees and Manjhis were revised with effect from 1st January 1963. Dearness allowance was also revised. Subsequent to this agreement on 20th May 1964 the Association entered into another agreement with the Calcutta Boatmen Union Ext. A. It was agreed therein that the increased rate of dearness allowance would be accepted by the Manjhis and Dandees from 1st May 1964 and the question of grades and scales of Dandees and Manjhis as well as working hours and gratuity would be referred to the Industrial Tribunal. Pending adjudication the union accepted the grades and scales of Manjhis and Dandees as agreed upon with the Calcutta Mariners' Union. It is thus obvious that Calcutta Boatmen Union is a representative union and it has locus standi to represent the workmen and give the dispute the character of industrial dispute. It will appear from the agreement Ext. A that regarding

rate of dearness allowance it was accepted by the union as binding up to 30th April 1966. There is no issue of dearness allowance referred to the Tribunal. Under the said agreement both parties agreed that the dispute regarding the three issues can go to the Tribunal for adjudication. It is therefore an agreed reference. The union accepted the grades and scales of Manjhis and Dandees pending adjudication of those issues by the Tribunal. The agreement therefore does not in any way prejudice the claim of the union in any manner. Now I will turn to the merits of the case.

Decision

It is the evidence of O.P.W. 1 Shri S. K. Bose, Chairman of the Calcutta River Transport Association that before 1954 scales of Manjhi was Rs. 50 to Rs. 80. At present it is Rs. 52 to Rs. 82, Afterwards the Association revised, the grades of Manjhis and Dandees are in the following manner:—

Manjhi Rs. 52—1—62—2—82.

Dandee Rs. 31—1—61.

This was under the agreement Ext. A(1) and it was according to terms of the agreement to take effect from 1st January 1963. The present union was not satisfied with that revision of basic pay of Manjhis and Dandees. Accordingly the matter came for adjudication before the Tribunal. In considering the question of basic wage of Dandees and Manjhis their nature of work should be considered. It is the evidence of P.W. 1 Shri Imam who is the General Secretary of the union that (1) Manjhis are responsible for navigation of the barge, (2) loading and unloading in and from the barge, (3) maintenance of tally book, (4) responsible for the goods loaded, etc. The 11 companies possess steel barges of variable tonnage, every barge must have a Manjhi and three or four dandees. The union examined some Manjhis and Dandees working in one or other of the companies. P.W. 2. is Khalil who works in Calcutta Steam Navigation Company. He is an experienced Manjhi. Before he became a Manjhi he worked as Dandee. Previously the system was that there were Vandaries, Dandees and Manjhis. The Vandaries used to cook the meals for the Manjhis and Dandees. After working for some years as Vandari, one became a Dandee. After several years work as a Dandee, one became a Manjhi. At present the system of appointment of Vandari has been abolished. The Dandees are appointed directly as such. After they gain some experience they are entitled to become Manjhis. P.W. 2. Khalil's evidence is that the work of Manjhi include loading and unloading of goods; he is incharge of the boat and he is responsible for the loaded goods. Manjhi holds the rudder. According to Khalil it is a work of skill. Manjhi also maintain tally book i.e., a register wherein the articles loaded are verified and noted. P.W. 4 Abdul Karim is another permanent Manjhi working in Fraser Company. Previously he was a Vandari, then a Dandee and lastly a Manjhi. His evidence is that the responsibility of the boat is with the Manjhi. The Dandees are controlled by Manjhi. The Manjhi holds the helm of the boat where it moved. Both the Manjhi and Dandees work together for leading the cargo inside the hold of the boat. In this connection it may be mentioned that the main work of the steel barge is to load the finished cargo from the jute mills and other mills and after loading the steel barge is towed with the help of launch to the Sea Going Vessels. The union also examined some Dandees. P.W. 3 Ram Charitar is a Dandee working in Calcutta Steam Navigation. His evidence is that the duties of Dandees are loading and unloading of goods in the ships at the dock. The loaded goods are carried in the steel barge. The goods at the time of loading are moved by 7 or 8 cubits by Dandees. Goods are usually loaded at the mill jetty for carriage to the ships. Witness further admits that it is not the duty of Dandees to unload goods from the ship and carry them to the mill. The main duty accordingly is off-loading the steel barge at the mill jetty and carry them to the ships where the articles are lifted into the ships by mechanical means with the aid of Dandees. There was another Dandees working in Calcutta Landing and Shipping Company examined by the union. He is P.W. 5 Md. Siddique. Previously the Dandees were paid by the Manjhis and the employer had nothing to do with them. That system is no longer in force. This is the evidence of the union regarding duties of Manjhi and Dandee. Let me now turn to the evidence adduced by the Association. In this connection the evidence of O.P.W. 1 Shri S. K. Bose, Chairman of the Association is to be looked into. His evidence is that among the job undertaken by the 11 companies is carrying of jute products from the various jute mills and load them for export in Deep Sea Going Vessels. All the companies own steel barges. They are branded as A class by Port Commissioners. Those steel barges are not navigated from the jute mills to the vessels. They are towed by steam launches either belong to the companies or hired by them. Different companies own barges, the number of which very from 11 to 324. This will appear from Annexure A to the written statement of the Association. After describing the nature of work undertaken by the companies Shri Bose proceeds to describe the work of Manjhis and Dandees. Manjhi, according to him, may be called master of the barge. Each barge has one Manjhi. His principal work consists of filling of the tally book with reference to the cargo which is loaded in his barge. He would be responsible for the movement of the rudder of the boat. He would be responsible for the cargo as well as the equipments of the boat. He will carry the boat note or loading from and hand it over to the outgoing ship, for the registration of the cargo. The note of registration will have to be carried back by the Manjhi for being hand over to the mill authorities wherefrom the cargo had been callected.

He has described the work of Dandee as consisting of slinging or unslinging, towing, and moving the boat mainly inside the dock area. It is also his duty to throw the rope to the towing launch for the purpose of tying it up. The Dandees are not required to undergo any training but they are recruited directly from unskilled labour. The work of Dandees and Manjhis can therefore be properly appreciated from the above evidence. Dandees do not require any particular skill but Manjhis require some amount of skill at the rudder and more amount

of responsibility with reference to the barge in his charge and the cargo loaded by him in that bridge. Now regarding the hours of work the evidence admittedly is that the Dandees and Manjhis remain in the boats day and night. The boat is their home. According to the Association their workload is very light and though they are technically connected with the boat for 24 hours, most of the time is their idle time. In this respect the attention is to be focussed to the evidence of Shri Bose at page 3. Dandees and Manjhis cannot have 24 hours of work. There is idle time within the periods of trips. According to him the average trip of a brage is not more than 2 in a month. The boats will have to wait along-side the vessels for days together and even months. During this period the employees of the boat enjoy themselves as they like making arrangement for keeping watch of the boat and the cargo. After the cargo is put in the vessels the boat returns to the company. Boats do not require special care during low tide and high tide. Moreover it is urged on the side of the Association that Manjhis get trip bonus. The witness admits in cross-examination that within the dock area there is some movement of the barge by the Manjhis and Dandees. The main journey from the mills to the vessels the boats are towed by steam launches. Boats are however moved within small distance alongside the ship without the aid of launch. This is admitted by Shri Bose. Shri Bose further admits that the boats are to be plied to position where water is shallow i.e. where the launch cannot be plied. Shri Bose further admits that the work of Dandees include arranging the cargo inside the boat hold. The cargo is to be moved within a very short distance. The company filed the records of trips undertaken by the boats usually. They are Exts. B(3) and B(4). From a perusal of those statements in Exts. B(3) and B(4) one can find that the maximum number of trips in a month on the average would not exceed two. The number of trips will not show as to the number of days taken in those trips. On the above evidence the union's argument is that the work of Manjhi is that of a highly skilled labour and they should get a starting wage of Rs. 175 with annual increment of Rs. 10 up to maximum of Rs. 325 and Dandees should get a minimum of Rs. 135 with an annual increment of Rs. 8 and the maximum of Rs. 245. I have already stated the present basic pay of Manjhi and Dandee. Now the question is whether the existing scale should be revised. There is separate dearness allowance paid to the Manjhis and Dandees. Rs. 43 is the fixed dearness allowance now prevailing. Dearness allowance is not the issue before me. The issue is confined to grades and scales of pay. This scale was sought to be introduced under an agreement with the Calcutta Mariners Union but the present union accepted it pending adjudication by this Tribunal. Since 1954 the prevailing grades and scales had been as follows:—

Manjhi Rs. 50 to Rs. 80 and

Dandee Rs. 30 to Rs. 60.

The Association only recently wants to add Re. 1 to the pay of Dandees and Rs. 2 to the pay of Manjhis after a period of more than 11 years. During the last 11 years there had been rise in the consumers living index by at least 200 points. It will appear from the chart Ext. 4 proved by P.W. 6 Shri Singh, an office assistant in the office of the Labour Commissioner, Government of West Bengal. Dearness allowance only partly neutralises the rise in the consumer price index. It is not full neutralisation. Moreover the wages had been fixed by the Association and there had not been any previous adjudication.

The wage structure now in force is not through the result of an industrial adjudication on an application of the principle of region-cum-industry basis The established principle of wage fixation is laid down in several Supreme Court decisions. In fixation of a scale of wages the capacity of the industry to pay should be gazed by taking a fair cross section of the industry as a whole; and this long term view should be taken in construction of a wage structure. This principle emanates in several decisions such as the case reported in 1958, 1, L.L.J page 432. The principle had been elaborately discussed in the Crown Aluminium's case reported in 1, L.L.J 1958 page 1. It has been reiterated in several decisions such as Express Newspaper case reported in 1961, 1, L.L.J page 339. In trying to give effect to a demand of a fair wage including payment of dearness allowance to provide for adequate neutralisation, industrial adjudicators must always take into account the problem of the additional burden which such wage structure would impose upon the employer and asked itself whether the employer can reasonably be called upon to bear such burden. The problem of constructing a wage structure must be adequate on the basis that such wage structure should not be changed from time to time. It is a long range plan and so in dealing with this problem the financial position of the company must be carefully examined. The capacity of the industry to pay does not mean capacity of the particular unit of industry but the capacity is to be judged by taking a fair cross section of the industry as a whole. The principle has been further elaborated in Balmer Lawrie's case reported in 1964, 1, L.L.J page 380.

The scale of pay prevailing in comparable concerns are to be looked into. The Association pleads financial incapacity in resisting the claim of the union. In considering the question of capacity of the industry to pay we should take a fair cross section of the industry as a whole i.e., not merely the paying capacity of the Association but the paying capacity of the industry in which these companies are concerned. The evidence discloses the fact that there are other companies undertaking similar work as what is done by these 11 companies. The Association examined O.P.W. 2 Shri Pulin Kumar Dutta, proprietor of four boats; the company is known as P. K. Dutt & Co. He has proved a chart Ext. F. The chart will show that the company pays in lump as salary which varies from Rs. 425 to 275. I am unable to follow the chart. Is this payment per month? If this is payment per month is it pay of Manjhi and Dandee of each boat? Unless I know the number of Dandees employed in those barges, no conclusion can be made as to the rates of wages. There is another chart proved by Shri Bose Ext. E, wherein two companies are mentioned as Bazar party undertaking same work.

They also pay in lump consolidated amount on contract basis with Manjhis. The number of Dandees are given in the chart. These two companies own 3 or 4 boats. Their volume of business is not before me nor their profit position. I am therefore unable to compare them with the 11 companies in question. The union, on the other hand, wants to compare the work of Manjhis and Dandees with that of Sarengs and Laskars employed by the Port Commissioners. Two witnesses were examined by the union, one is P.W. 8 Ajimuddin, a Laskar working in the Coal Board of Port Commissioner. His work is to unloose the tie when goods arrived over cranes. He works in a 100 ton boat. His work is similar to that of a Dandee. He has 8 hours duty. During the 8 hours however boats are never idle. The laskar as therefore packed 8 hours work. The scale of pay of a Laskar according to P.W. 8 is Rs. 74 to Rs. 95. There is separate dearness allowance, in addition to other allowances. Another witness is P.W. 9 Gopal Ch. Das. He works as a Laskar in a boat of Port Commissioner. His basic pay is Rs. 80. His duty hours are 8. His boat is of 280 tons. The union also examined P.W. 7 Motiar Rahaman, an employee of Dock Labour Board. He works as a mazdur and his work is that of loading and unloading. He gets 21 days guaranteed wage at the basic pay of Rs. 6.75 P. per day. The Wage Board had allowed an interim relief of Rs. 7.80 P. There is separate dearness allowance. I am asked by the union to compare those employees in fixing the wage structure of Manjhis and Dandees.

Dock Labour Board or Port Commissioners do not stand in any comparison with the member companies of this Association. The paying capacity of the Port Commissioners or the Dock Labour Board cannot compare in any measure with the financial position of these companies. The work of Laskars and Sarengs employed by Port Commissioners are not also similar to the work undertaken by the companies. The condition of employment in the Dock Labour Board are altogether different. Twenty-one days guaranteed wages are paid and the rate is extremely high. There is a Wage Board fixing wages of Dock Labour Board. I cannot accordingly consider the Dock Labour Board or the Port Commissioners as comparable units but the wages prevailing there indicate a very high rate of wages for Laskars, Sarengs and Dock Labour. Having considered all the units put forward as comparable I am of opinion that they are not at all comparable units. The member companies of this Association are engaged in a type of business which cannot be easily compared with any other company of the similar nature. For want of evidence of this point I cannot at once accept any formula for application of the principle of industry-cum-region. In this connection the financial capacity of the company in question should also be considered. The balance-sheets are put in evidence on the side of the Association. The extract is Ext. D(1). The profit position of 8 companies are shown therein for the last 6 years. Sankar Shipping is running more or less on a slight loss. Indian Shipping is also running at a slight loss. Paul and Chakraborty is running at a slight loss. Fraser Company shows no substantial profit. There are only three companies, namely, Calcutta Landing and Shipping, Calcutta Steam Navigation and Port Shipping which show some profit. The financial position of the companies taken together show that the profit position is sound during the last 6 years. As to the future of the business undertaken by the companies I do not think that the prospect is gloomy in any way. The business is consists of carrying cargo of finished products from the Jute Mills to the Sea Going Vessels. This business can never be on the decline. It is likely to increase in volume in future and such a business should be prosperous. The prospect of the companies is undoubtedly sound and more or less secure. It is however true that all the companies are not earning considerable profits but that may be due to various factors. It is not possible for the Tribunal to investigate into the real reason. It must therefore be conceded that the 11 companies do not have adequate finance to bear the burden of a heavy wage structure as claimed by the union, the concept of wage has been discussed by the Supreme Court in some of the recent decisions, one reported in 1961, I, L.L.J, page 227. The relevant discussion occurs at page 239 where Dr. Aykroyd's diet chart of balance diet has been considered by the Hon'ble Supreme Court. The theory of need based minimum wage was also considered. The industry in question is not paying even fair wage, not to speak of living wage. Living wage is the ideal which is to be reached in future. We are now considering the question of fair wage only. Need based minimum is the floor level of fair wage. Need based minimum wage must be made available to the working class, otherwise the industry has no right to exist. Question of financial position of the company is immaterial in considering the bare subsistance minimum wage. In another decision the Supreme Court considered the concept of wage i.e. the Reserve Bank of India case reported in 1965, II, L.L.J page 175. After reviewing the recommendations of the Fair Wage Committee and the recommendation of 15th Indian Labour Conference held in July, 1957, the Hon'ble Supreme Court observes that the recommendation in regard to wage policy are entitled to carry great weight and importance. It was agreed that the minimum wages was need based and should ensure the minimum human needs of the industrial workers irrespective of other considerations. Standard working class family was taken to consist of three consumption units for one earner. Minimum food intake recommended was 2,700 calories as recommended by Dr. Aykroyd. Clothing required per capita 18 yds. per annum. Fuel, housing, etc. to constitute certain percentage of total wage. The committee also appreciated the difficulties for implementing those recommendations. The recommendations could not be implemented because the implementation of the same is not feassible in view of the fact that an upward movement of basic pay is likely to affect the cost of production and lead to fall in our exports and to the raising of prices all round. The Hon'ble Supreme Court also pointed out the handicaps in acceptance of the need formula. The minimum wage so fixed would be much above per capita income in our company. For industrial peace and harmoney there must be some standard of minimum wages as well. The Central Pay Commission fixed the minimum wage of subordinate staff at Rs. 55.

It is not therefore possible to accept the recommendation of the 15th Indian Labour Conference at the present moment. Now let us examine the wage structure of Manjhis and Dandees from the view point of bare minimum subsistance wage. The Dandees start at present on a basic wage of Rs. 31. Dearness allowance is paid to them at Rs. 38 which had been recently increased by the settlement Ext. C to Rs. 43. Thus the total pay packet of a Dandee at the start is Rs. 74. The Dandees and Manjhis are tied to the boat 24 hours. They have no home life or family life, not to speak of social life. They would not be normally in a position to attend to their home affairs as their duty hours are not fixed. It is true that they are not working round the clock but they would not be getting any leave of, absence, at least officially, from the company day and night. The leave rules are not also very generous. This is a special type of job and the workload is also of a special type. In view of the monotonous life to which the Dandees are put, they should get wages sufficient to compensate the sacrifice they made in respect of their family and social life. The basic pay of Rs. 31 is low in my considered opinion. The basic wage of a Dandee should start at Rs. 40. The ceiling wage of a Dandee at present is Rs. 61. This should also be raised by the same amount to Rs. 70. Thus in my opinion the minimum basic wage of a Dandee should be Rs. 40 and the maximum is Rs. 70. Now the question of increment. The gap between the minimum and the maximum is Rs. 30 according to the new scale which I am going to introduce. The maximum should be reached in a reasonable time i.e. within a period of 20 years of service. The increment should be Rs. 1.50 P. per year so that in 20 years the maximum of Rs. 70 would be reached. The following accordingly will be the grade and scale of Dandees—Rs. 40—1.50—70.

Next I will consider the case of Manjhis. Minimum basic wage in the case of Manjhis is Rs. 52. They are getting dearness allowance of Rs. 43. Thus the total pay packet is Rs. 95 at the start. Manjhi is described as the master of the boat. He is incharge of the cargo and the barge. He has some responsibility put upon him. A Manjhi is not directly recruited. He must put several years of service as a Dandee before he is promoted to the rank of a Manjhi. The starting salary of Manjhi should be Rs. 60. The maximum of a Manjhi at present is Rs. 82. The maximum should also be raised to Rs. 90. The gap between the minimum and the maximum is accordingly Rs. 30. The maximum should be reached within a reasonable time and since Manjhis enter into service after working several years as Dandees their rate of increment should be Rs. 2 so that the maximum can be reached after 15 years of service. The grades and scales of Manjhis is accordingly fixed in the following manner:—

Rs. 60—2—90.

I am raising the basic wage with due regard to the fact that the work of Manjhis and Dandees are extraordinary and rather regourous and they live in an isolated life estranged from their family and social connections. They are tied to the boats for 24 hours with total sacrifice of home comforts and they are compelled to run double establishment; one for themselves in the boat and another for their families.

The wages I am fixing are on the principle of bare subsistance minimum wage. It is significant to note that the wages of Manjhis and Dandees had never been adjudicated upon by any Tribunal and for the last 12 years there had been no substantial revision of their basic wage.

Now, the question of adjustment of wages is taken up. The Dandees who are getting wages below Rs. 40 on the date of operation of this Award would be pulled up to the minimum of Rs. 40. For Manjhis who on the date of operation of this wages were getting below Rs. 60 they would be pulled up to that stage. Regarding old employees, namely, Manjhis and Dandees who had put in several years of service they should be given some benefit of this revision of service. All the Manjhis and Dandees shall be pulled up, if necessary, for fixing in the new wage structure to the next higher stage on the scale I have fixed and in addition to the same they would be entitled to one increment in the new scale for every 5 years of service. In my considered opinion this would be a reasonable adjustment for past years of service. Issue No. 1 is accordingly disposed of.

Issue No. 2—Working hours for Dandees and Manjhis

There is no working hours for Manjhis and Dandees. Practice is that they are linked to the boats for 24 hours. Union claims imposition of 8 hours duty. I have examined the claim very carefully and I am afraid no such working hours can be imposed. It is true that the Port Commissioners have working hours and the Sarengs and Laskars work for 8 hours a day and beyond those working hours they get overtime allowance. This is the evidence from the witness summoned from Port Commissioners. The Port Commissioner employees work within the Port area and shift duty is possible in such a case. Introduction of a shift duty for Manjhis and Dandees of these companies would be inpractical, from the very nature of the work they do. There would not be any fixed hours for loading of the cargo and after the cargo is loaded the barge with the crew would be towed by the steamer alongside the Sea Going Vessel. The barge might have to wait alongside the vessel for days together or even months. In such a state the change of crew exactly at the end of 8 hours cannot be effected because the place of work is not uniform and fixed. Moreover in between the trips which are not numerous in number the boat would remain idle for several days until it is recalled for some other job. During the idle days the crew would have no other work but to take care of the boat. Thus introduction of 8 hours work is not practical nor is it necessary in view of the fact that the crew of the boat are not working actually for 24 hours. Their actual period of work would not normally exceed 8 hours though it is required of them to stay in the boat for 24 hours. The boat is virtually their home. They live and sleep in the boats, they cook their meals and enjoy their idle time in the boats. This is a peculiar sort of life

which the Manjhis and Dandees are used to. In my opinion introduction of 8 hours work is not practical in the case of the river transport business is concerned. The claim is accordingly negatived.

Issue No. 3—Gratuity.

Union claims gratuity. It is in evidence that only three or four companies have provident fund and some of the companies have gratuity for the period not covered by provident fund. Double retirement benefit in the form of gratuity and provident fund both are not in force. The Hon'ble Supreme Court has commended double retirement benefit in proper cases. In a case of 1965, 1 L.L.J page 482 the Hon'ble Supreme Court has laid down the principle. The capacity of the employer is to be considered on a long term basis. The Tribunal should also take note of the claims of gratuity existing in other comparable units. There is no bar to introduce of gratuity to supplement provident fund scheme (vide 1964, 2, L.L.J page 131). Now the question is whether there is any comparable unit. Port Commissioners might have a gratuity scheme but it is not a comparable unit. Financial capacity of the employer had already been commonted upon by me. The extract of balance-sheets is Ext. D(1). It does not show that the companies are making suitable profits during the last 6 years. There is another factor to be noted. The profit position does not show that there is progressive increase in the profits and that increase is steady from year to year. The profits are very much fluctuating and the companies earning profits in one year, suffer a heavy loss the next year. The financial position of the companies cannot be said to be very sound and stable. Moreover there is no retiring age for Dandees and Manjhis. P.W. 5 Md. Siddique of Calcutta Landing and Shipping Company stated in cross-examination that no Manjhi retired after 1956 to his knowledge and no Dandee also retired since the year 1956. Thus during the last 10 years there had no retirement of Manjhis and Dandees. Introduction of a gratuity scheme in the absence of any retiring age and in view of unstable finance of the companies would not be an appropriate step. The claim for gratuity is therefore negatived.

In conclusion the Tribunal awards in the aforesaid terms. The claim of working hours and gratuity i.e. Issues 2 and 3 are negatived. The grades and scales for Manjhis and Dandees are fixed in the manner mentioned above. The award shall come into force from March 1, 1966.

After the service of usual notice the employer had filed the written statement at first as directed and thereafter the workmen represented by the union had filed the written statement. In the written statement filed on behalf of the employer a preliminary objection has been taken to the effect that the union has no right to represent the workmen who are also not members of the union. As the dispute is not an industrial dispute, the Government of West Bengal has no jurisdiction to refer the alleged dispute to this Tribunal for adjudication. Regarding the merits, it has been stated by the employer that it is a firm acting as Labour Contractors of Messrs. Brooke Bond India (P) Ltd., and the contractors' work consists in loading and unloading tea chests in and from lorries and in stacking the tea chests in the godown of the company. The volume of work varies daily according to orders of the company and therefore the firm cannot maintain any permanent cadre of workmen. Actually the workmen employed for the execution of the contract are all casual workers and their employment ends on the completion of days work. The persons who approach the employer for work on any particular day, may or may not be employed as it depends on the volume of work available on any particular day. The workmen are also employed on "No work no pay" basis. The present firm started functioning on 3rd September 1962 and after several months of working, it started maintaining a list of workers at the request of some workmen. This list was maintained to give priority of work every day, to such listed workers in rotation. If on a particular day all the listed workmen cannot be given work, workmen not provided with work on the previous day could be employed on the following day, provided such employment was necessary for that days work. If it happens that there was

more work which the listed workers could not do, then extra casual workers outside the listed workers were employed. No workers outside the list was however employed unless all the workers whose names appeared in the list had first been given employment. It is further stated that there was no leave facilities as the workers are casual workers and that there are some workers who may have worked for 240 days in a year and who obtain the benefit of Provident Fund as per provision of the Provident Fund Act. Thereafter the employer had submitted the list of persons who had worked as casual workers for sometime but had ceased to work on their own accord long age. When they had ceased to offer themselves for work and the serial Nos. as per list given in the letter of reference are mentioned below:

Before I refer to the other allegations of the employer in the written statement I would point out that the total number of employees as per list appears to be 92 and not 90 as claimed on behalf of the employer. However it is stated further that the serial numbers 43, 58, 65, 74, 78, 81, 82, 86, 99 and 104 were never under the employment of the employer, that the serial numbers 51, 95, 97 and 100 are still working in the firm and that serial numbers 1 to 7, 10 to 13, 17, 18, 26 to 35, 37 to 39, 41 and 42, 45 to 50, 54, 60, 90 and 91 had committed serious misconduct for which they were charge-sheeted and there was an enquiry in accordance with the principles of natural justice. Those workmen have subsequently dismissed from the employment for proved misconduct. It is also alleged that these charge-sheeted workmen had recourse to lighting strike, instigated and incited the other workmen to strike without any notice and without any justification, that on 30th August 1964 and 1st October 1964 these workers along with some others staged stay-in-strike for one hour and two hours respectively without any justifiable reason whatsoever, that there was a complete stay-in-strike on 7th October 1964 and 8th October 1964 and that these workmen not only struck work but also indulged in riotous conduct on 8th October 1964 for which the charge-sheets were issued on 3rd December 1964. Then these charge-sheets were sent by Registered Post with acknowledgment due inasmuch as the workmen refused to accept the charge-sheets when handed over to them. Subsequently the employer had received the explanation, dated 7th December 1964, jointly signed by the charge-sheeted workmen. At the time of enquiry on 8th December 1964, the workmen did not appear. The enquiring officer held the enquiry ex parte and found the workmen to be guilty. However in view of the explanation which was submitted later on, the employer by the letter, dated 21st December 1964, intimated to the charge-sheeted workmen that they would be given another chance and must appear at the fresh enquiry to be held on 27th December 1964. The workmen however did not appear, even though the letter was sent by registered post with acknowledgment due. The enquiring officer therefore held enquiry on 27th December 1964 ex parte and had submitted his report on 28th December 1964. He had found that the charge-sheeted workmen were guilty of riotous conduct on 8th October 1964. By the letter, dated 4th January 1965, the charge-sheeted workmen had been dismissed from service. It is said in the circumstances that the workmen are not entitled to get any relief.

In the written statement submitted on behalf of the union, it has been stated that the workmen of Messrs. Ali Hossain and Sons are members of the union and therefore the Government of West Bengal had jurisdiction to refer the dispute to this Tribunal for adjudication. It is next alleged that the workmen employed in the work of loading and unloading of tea chests and in the work of stacking the tea chests in the godown are not casual workers, that the work itself is not of a casual nature, even though the volume of work offered by Messrs. Brooke Bond varies from day to day and even if the monthly average is taken, it will be found that the work had really increased and that it is not a fact that the employment of the workers terminate with the completion of day's work. The employer had laid off all the workers who are members of the union as measure of victimisation and in their place have engaged the junior hands. Under the Shops and Establishment Act and workmen are entitled to get benefits and in order to deprive the workmen of the benefits of leave and provident fund, the employer had laid off the workmen of such number of days so that the number of working days falls 240 days in a year. It is only in unavoidable cases that the workmen get the benefits of leave and provident fund. The allegations that the workmen had left the job in their own accord on the dates mentioned in the written statement of the employer are denied and it is said that these workmen had laid off or refused

employment from the dates shown against them and those workmen did not succeed in getting back their jobs. The workmen who are alleged to have left the job with effect from 7th October 1964 are really the strikers. The union has, further denied that the workmen mentioned in serial numbers 43, 58, 65, 74, 78, 81, 82, 86, 99 and 104 are not the workmen of the employer and it is said that they are in fact the workmen of the employer. The further allegation that the workmen bearing the serial numbers 51, 95, 97 and 100 are still in the employment is denied and it is said that some of these persons had been given employment only in order to give false evidence in favour of the employer. With regards to the charge-sheeted workmen it is alleged that those workmen are not guilty of any misconduct, that there has been no enquiry against them, that none of them participated in lightning strike or stay-in-strike and had instigated other workmen to strike without notice and there had been a joint strike from 7th October 1964. The workmen also did not indulged in riotous activities and in fact that employer had engaged hired goondas to assault the peaceful strikers. Hired goondas also robbed some of the workmen of their purses, etc. The allegation of refusal to accept the alleged charge-sheet is also denied and it is said that as the workmen were on strike they had not gone to the place of work and therefore some of the charge-sheets were sent by post and some charge-sheets sent by messenger to the respective residences. In joint reply to the charge-sheet, the workmen stated the pending conciliation it was illegal to proceed with the charge-sheet. The workmen also asked some clarifications and also pointed out that on receipt of clarification the workmen would submit the explanation. As the workmen was not given clarification, no explanation was submitted. With regard to enquiry notice it is said that the time was very short, that there was no point for the workmen to attend the pretended enquiry and that they had not known so-called enquiry officer. The charge-sheets were also signed sometime by two persons and sometime by more persons and the order of dismissal differ from the charge-sheet and one of the signatories had served the workmen with a Lawyer's letter forbiding them to participate in the enquiry. At the time of the alleged enquiry and at the time of the alleged charge-sheet the conciliation proceeding was pending and there was also some false criminal cases against some of the workmen. It is further stated that after the workmen became member of the union they were threatened by the employer, and that after the union submitted the charter of demands by their letter No. F/AHS/11/64, dated 29th August 1964, the employer had illegally laid off Sumeswar Rajbhar, Idris Miah, Brahmadeo Rai, Lall Mohammed, Siddique Miah and Fakir Miah who are prominent members of the union. The union wrote a letter, dated 10th September 1964, to the Assistant Labour Commissioner requesting him to take action. The union also wrote a letter to the employer on 3rd September 1964 and also gave reminder on 16th/21st September 1964 and the union also wrote the Assistant Labour Commissioner and to the Brook Bond Company by the letters, dated 16th September 1964 and the union is not aware of any action taken. The union had served the employer with a strike notice and the copy was sent to the Assistant Labour Commissioner and subsequently the union wrote letters, dated 20th October 1964 and 11th November 1964 to the Assistant Labour Commissioner. By the letter, dated 12th November 1964, the Assistant Labour Commissioner called for a joint conference. The union attended but the employer did not attend. The Assistant Labour Commissioner by the letters, dated 19th November 1964 and 8th December 1964, informed the employer regarding the joint conciliation meeting. The employer however did not attend and started issuing false charge-sheet and holding pretended enquiry. The Assistant Labour Commissioner by his letter, dated 25th November 1964, asked the union to request the strikers to resume work and asked the employer to allow them to resume work. The striking workmen wrote a letter on 25th November 1964 to the employer for allowing the workmen to resume work and also wrote to the officer-in-charge S.P.P.S., on 25th November 1964 to give the requisite information. The police rendered no assistance and the employer instead of receiving letter chased the workmen to assault them and the workmen ran to the police-station and lodged G.D. on that very day. Therefore the workmen were unable to resume their duties from 26th November 1964 and the union had informed the Labour Commissioner by letter, dated 26th November 1964. The Labour Commissioner by his letter, dated 8th December 1964, called for a joint meeting on 14th December 1964. The union had attended the meeting and the employer did not. In the circumstances it is said that the alleged charge-sheet and the alleged letter of dismissal are irregular and illegal. As the conciliation proceeding before the Assistant Labour Commissioner had failed, the Government has made the reference. The union has prayed for reinstatement of the workmen with full wages for the period of forced unemployment that is to say with effect from 7th October 1964.

The first question which arises for consideration in regard to the alleged invalidity of the reference by the Government. The objection in this regard has been stated in paragraphs 1 to 3 of the written statement of the employer. At the time of opening Shri N. Roy had however stated that as no worker employed by Messrs Ali Hossain & Sons is a member of the union and as the workmen had not raised any dispute, the reference is invalid. Shri Roy did not raise another objection that Tea Workers' Union of Calcutta and Howrah does not represent the workmen. Possibly that other objection was not raised, as there had been several correspondences between that union and Messrs Ali Hossain and Sons. (Ext. 4 on admission, Ext. 9, Ext. 10 formal proof dispensed with, Ext. 4a on admission, Ext. 11, Ext. 12, Ext. 12a formal proof dispensed with, Ext. 5 on admission, Ext. 5a on admission, Ext. 5b on admission, Ext. 5c on admission, Ext. 13, Ext. 14, Ext. 12b, Ext. 15, Ext. 16, Ext. 16a, Ext. 17 formal proof dispensed with, Ext. 18 formal proof dispensed with, Ext. 19). It would

appear therefore that at some stage before the reference by the Government of West Bengal, the Tea Workers' Union of Calcutta and Howrah did claim to represent workmen of Messrs Ali Hossain and Sons. Now the question remains as to whether the alleged dispute is an industrial dispute. Before I refer to the evidence adduced in the present case, I would point out that the Tea Workers' Union of Calcutta and Howrah is a joint union whose membership is not restricted to the employees of Messrs. Ali Hossain and Sons It is not necessary to refer to the large number of rulings of the Supreme Court regarding the questions as to when an individual dispute is converted into an industrial dispute. The latest case on this point is reported in 1965 I L.L.J. 668 (S.C.) (Workmen Vs Dharam Pal Premchand). It has been held by their Lordships of the Supreme Court that the dispute raised by the employees cannot become an industrial dispute unless it is supported by his union, or in the absence of the union, by the number of workmen. In that case 18 out of 45 employees in a Commercial Establishment were members of the Mercantile Employees' Association, Delhi, where the membership was not confined to the establishment only. These 18 workmen were dismissed from service and it was held that the reference at the instance of that union is valid, and that the union must be of the same industry. In the present case the fairly large number of workmen of the employer had made common cause and the concerned workmen and Tea Workers' Union also took up the cause of the workmen before the Government. Shri Roy however pointed out that the membership register and subscription register of the union had not been produced and had asked that in the absence of these documents it is not possible to say that the workmen concerned are really members of the Tea Workers' Union of Calcutta and Howrah. It is true that these two documents had not been produced in this case but in view of the fairly large correspondences which I have referred to above, I do not agree with Shri Roy that it has not been shown that the concerned workmen are not members of the union. The evidence of P.W. 2 Alamgir Khan who is a employee of Messrs. Ali Hossain & Sons, is that there is a union called Brook Bond Ticca Mazdoor Congress whose President is Shri Daya Ram Beri. He produced a card showing the membership of that union. At the time of cross-examination P.W. 2 had said that his union is in existence for 4/5 years and that he cannot say if there are members of Tea Workers' Union of Calcutta and Howrah. It is further evidence that as far as he knows, there is only one union of the workers employed by Messrs. Ali Hossain & Sons. P.W. 3 Mohammed Israil who is another employee, has also spoken above the Ticca Mazdoor Congress. P.W. 4 Shri Barkat Hossain is one of the partner of the firm, has not stated anything regarding the union of the workmen. But in his evidence he has referred to in letter (Ext. K1) which is said to have been written in reply to the letter of Labour Commissioner. That letter is dated 24th December 1964, it has been stated therein that as the letter, dated 8th December 1964 of the Assistant Labour Commissioner asking the employer to attend the office of the Assistant Labour Commissioner at 3-30 p.m. on 14th December 1964, was only received at 3-30 p.m. on 21st December 1964, it was not possible for the employer to attend that meeting. It is also stated therein that the employer is not agreeable to sit in joint conference with the union's representative and that if any further date is fixed, the representative of the employer might be sent to the office of the Assistant Labour Commissioner. It is not stated in Ext. K1 that the Tea Workers' Union of Calcutta and Howrah has no locus standi to represent the workmen of the employer and the workmen also are not member of that union. At the time of further cross-examination P.W. 4 has said that he had written only one letter to the Labour Commissioner and that that letter was in reply to the letter of 22 persons including Pitambar. On this date considerable number of persons had raised dispute before the employer. The evidence of O.P.W. 2 Bhatu Mahato (Serial No. 79) is that at first labourers belonged to Calcutta Dock and Port Labour Union and later on they become the member of the Tea Workers' Union of Calcutta and Howrah. He has further stated that that union had made demand on behalf of the workmen to the Sardar whose name is Barkat Hossain and after the demand was made some persons were made to sit. He has further spoken about the giving of strike notice to all the four brothers, to the Brook Bond Company and also to the Labour Commissioners and that when there was no settlement all the 135 workmen had struck work on 7th October 1964. Regarding the demand spoken by him, there is a letter (Ext. 4 on admission), dated 29th August 1964, addressed to Messrs. Ali Hossain and Sons by the Joint Secretary of the Tea Workers' Union of Calcutta and Howrah. Ext. 9 is the another letter by the same union, dated 10th September 1964 and addressed to the Labour Commissioner of Government of West Bengal. Ext. 10, dated 3rd September 1964, is addressed to the employer regarding the refusal of giving work to some of the workmen whose names appear in the list annexed to the reference. Ext. 4a (on admission) is another letter, dated 21st/15th September 1964, by the same union relating to the condition of services of the different workmen. Ext. 11 is the letter to the Factory Manager, Brook Bond India (P) Ltd. and is dated 16th September 1964. Ext 12 is the letter addressed by the same union to the Assistant Labour Commissioner regarding the Industrial Dispute between Messrs. Ali Hossain & Sons and their workmen. The subsequent letter is the Ext. 12a, dated 11th November 1964 and is addressed to the Assistant Labour Commissioner, Ext. 5, dated 12th November 1964, is the letter from the Assistant Labour Commissioner to the employer and a copy was forwarded to the General Secretary of the Tea Workers' Union of Calcutta and Howrah. The date of joint conference was fixed on 16th November 1964. Ext. 5a is another letter by the Assistant Labour Commissioner fixing the joint conference on 23rd November 1964. Ext. 5b is the another letter fixing the joint conference on 14th December 1964. I have already mentioned

that Barkat Hossain had referred to this letter and had shown two Exts. explaining why the employer could not attend on that conference. Therefore the conciliation proceeding was pending for some time regarding the Industrial Dispute between the employer and the workmen. Ext. 5c is the another letter from the Assistant Labour Commissioner to the General Secretary of the Tea Workers' Union of Calcutta and Howrah. It it stated therein that the workmen had resorted to strike without giving prior notice to his office and therefore the workmen should be directed to resume work immediately and thereafter the charter of demand will be taken up. It is in evidence on the side of the workmen that the workmen wanted to resume work from 26th November 1964 but due to the action on the part of the employer they could not do so. This particular matter will be considered later on. But the facts remain that the evidence of O.P.W. 2 is corroborated by the documentary evidence which are mentioned above. O.P.W. 2 had said at the time of cross-examination that the demand has been made to the employer and the representation had been made to the Labour Commissioner regarding the demand of the union's executive including himself had gone to the Labour Commissioner. There has been no cross-examination by O.P.W. 2 about the membership of the union by the employees of Messrs. Ali Hossain & Sons. Similar evidence has been given by O.P.W. 3 Ram Bilash Mahato (Serial No. 1). It was suggested in cross-examination that the workmen told the union that they could not go back to work till their demands are fully met. This suggestion of O.P.W. 3 shows that the Tea Workers' Union of Calcutta and Howrah is the union of the employees of Messrs. Ali Hossain & Sons. I have considered all the facts and circumstances and it appears to me that the workmen of Messrs. Ali Hossain & Sons are members of the Tea Workers' Union of Calcutta and Howrah and that union has a Locus Standi to raise the dispute on behalf of the workmen of the employer and the dispute is really an industrial dispute. I accordingly overrule the preliminary objections raised on behalf of the employer by Shri N. Roy.

Now the first question which arises for consideration is with regard to the nature of employment of the employees of Messrs. Ali Hossain & Sons. According to the employer, the workmen are casual workers and there were also some workers who are called extra casual workers (vide paragraphs 6, 7 and 8 of the written statement of the employer). The substance of the allegations in these paragraphs of the written statement of the employer, is that the volume of work varies from day to day and therefore it is not possible to fix or maintain any permanent cadre of workmen for execution of the contract of loading and unloading of tea chests in and from the lorries and stacking the different chests in the godown of Messrs. Brooke Bond India Private Ltd., that the workmen employed are all casual workers whose employment ends with the completion of the day's work, that the workmen may or may not be employed on any particular day as the employment itself depends on the volume of work to be done on that day, that the workmen are not paid for the day for which there is no work available for them, that after Messrs. Ali Hossain & Sons worked for some months from 3rd September 1962, the firm maintained a list of the workmen at the request of some workmen and that the object of maintaining that list is to give work to the workmen on a rotational basis and that if any particular workman has got an employment on any particular day, then priority is given to the workmen who did not get employment on the previous day, when the question of employment on the following day arises. It is also stated that if the volume of work on any particular day is such that it could not be completed by the listed workmen, then extra casual workers are employed for the purpose of completing the work available on the particular date. On behalf of the union, these allegations had been denied (vide paragraphs 7 and 8 of the written statement of the union). The substantial allegation made in the written statement of the union is that, though the volume of work offered by Messrs. Brooke Bond and Company varies from day to day, still the monthly average of the work offered by the company would show that the work had increased and that it is not correct that the employment of the workmen terminates with the end of the day's work. The first thing to be noticed is that the employer has not filed the list which is alleged to have been prepared at the request of the workers some months after 3rd September 1962. Mr. N. Roy appearing for the employer was unable to explain why, though voluminous documentary evidence has been put in on behalf of the employer, the list of the alleged casual workers has not been put in. At the time of opening Shri Roy had stated that all the workmen are temporary workmen and are employed on "no work no pay" basis. He also mentioned about the list maintained for the purpose of giving work to the workmen on rotational basis. In spite of this fact, the list of the alleged casual workmen has been withheld from this Tribunal. The employer has also not given any evidence regarding the number of the extra casual workers or regarding the days when the alleged extra casual workers had to be employed. Now, there is a dinstinction between temporary workers and casual workers. So far as the Industrial Disputes Act is concerned, I find that there is also reference to the casual workers. In section 25c of the Act, it has been provided, inter alia, that if the workmen other than Badli workmen or casual workmen whose names are borne on the muster rolls and who has completed not less than continuous one year's service under the employer, are laid off, they are entitled to be paid lay-off compensation at certain rates. The expression 'Badli workmen' has been explained in explanation of section 25c of the Act. But no explanation has been given regarding casual workmen. It does not appear that in any case, the expression 'casual workmen' has been defined. The old section 25C of the Act had been substituted by new section 25C by Act 35 of 1965 which came into force on 1st December 1965. Even there, the expression "casual workman" has not been defined. There is no specific reference to casual workman in Factories Act 1948, in the Employees' Provident Fund Act

1952 and the Minimum Wages Act, 1948, but in the Workmen's Compensation Act, 1923, it has been provided in section 2(n) that the "workman" means any person other than a person whose employment is of a casual nature and who is employed otherwise than for the purpose of employer's trade or business. For the present purpose, it is not necessary to refer to the remaining portion of the definition. Therefore, even under the Workmen's Compensation Act, casual workman is not a workman of the employer. In the Model Standing Orders framed by the Government of West Bengal on 4th January 1960, the workmen had been classified as follows:—(i) Permanent, (ii) Probationers, (iii) Badlis, (iv) Temporary, (v) Casual and (vi) Apprentices. A temporary workman has been defined as a workman who has been engaged for a work which is essentially of a temporary character likely to be finished within a limited period or who is temporarily employed in connection with the temporary increase in work of permanent nature. A casual workman has been defined as a workman whose work is of a casual nature. As even according to the case of the employer, the number of workmen exceeds 50, it is legitimate to refer to the Bengal Industrial Employment (Standing Order) Rules. It is therefore to be decided whether the work in which the workmen were engaged is of a casual nature or not. I do not think that the work which the employers had undertaken to do, viz., the work of loading and unloading the tea chests in and from the lorries and the work of stacking the different chests at the godown of Messrs. Brooke Bond & Company, can be regarded to be work of a casual nature. The word "casual" can only mean something which accidentally or occasionally happens. The employer had the work mentioned above throughout the year, and therefore, the work cannot be regarded to be work of casual nature and the workmen employed in connection with that work by the employer, cannot be regarded to be casual workers. I have not overlooked that in the written statement of the union, it has been admitted that the volume of work offered by Messrs. Brooke Bond & Company varies from day to day. The volume of work certainly might vary, but still the employer was given work throughout the year and had to engage the labours in execution of the contract which the employer had entered into with Messrs. Brooke Bond & Company. On behalf of the union, certain particulars were called for from Messrs. Brook Bond & Company and the particulars as per direction of this Tribunal were furnished (Ext. 24). This document shows that Messrs. Ali Hossain & Sons were engaged for the purpose of (i) loading, (ii) unloading (iii) re-stacking, (iv) laying and stacking, (v) godown cleaning, (vi) wagon cleaning, (vii) gross weighing and (viii) de-naturing tea waste. It is further stated that there is no fixed quantum of work everyday, that the work varies depending upon the company's requirements, that in 1963, a sum of rupees two lacs, thirty-one thousand odd, in 1964 rupees three lacs, sixteen thousand odd and in 1965 up to 15th February 1965 rupees forty-one thousand odd had been paid by Messrs. Brooke Bond India Private Limited to Messrs. Ali Hossain & Sons. That document further shows that the closed days in 1963, 1964 and up to 15th February 1965 were 57 days, 49 days and 3 days respectively, and the working days in those years were 308 days, 317 days and 43 days respectively. Shri N. Roy, as I understand him, did not dispute the figure as furnished by Messrs. Brooke Bond India Pvt. Ltd. Apart from the other evidence, the facts and circumstances which I have mentioned above, clearly indicate that the work which Messrs. Ali Hossain & Sons had undertaken to do, cannot be regarded to be work of casual nature. The evidence no doubt shows that the exact quantum of work available on any particular day was ascertained at first before the workmen were engaged for the purpose of doing the work (vide the evidence of P.W. 1, Pashupati Pandey, P.W. 2 Alamgir Khan, P.W. 4 Barkat Hossain). Their evidence further shows that the tokens were distributed to the workmen for doing the work of that paricular day, and after the close of the work the tokens were taken back. Shri Biswas appearing for the union had contended that there is contradictory evidence as to who used to go to the Babu of the Brooke Bond Company for the purpose of ascertaining the volume of work on any particular date. He has also pointed out that P.W. 1, Shri Pandey, has stated that he had gone to the Babu of Messrs. Brooke Bond Company for the purpose of ascertaining the volume of work and P.W. 4 Shri Barkat Hossain had said that Habib Munshi approached the Bara Babu of the Brook Bond Company and ascertained the volume of work for the day and according to the volume of work available on that day, the workmen are engaged. P.W. 5 Habib however, has not said anything on this point in examination in chief. He has further spoken regarding this matter in cross-examination. But I do not think that the evidence regarding ascertainment of the volume of work available on any particular date can be discarded simply because of the contradiction pointed out. In the first place, it is admitted in the written statement of the union that the volume of work did vary from day to day. It is therefore natural that someone on behalf of the employers must ascertain the volume of work available on any particular day before engaging the workmen. In the next place, there is no contrary evidence on the side of the union (vide the evidence of O.P. Ws. 2 and 3). I therefore accept the evidence on behalf of the employers that the workmen were only engaged after ascertaining the volume of work on any particular day. But though this is so, I do not think that the work which the employers undertaken to do, can be regarded to be work of casual nature.

There are certain other circumstances to which reference must now be made for the purpose of deciding the question as to whether the work really was of casual nature, and therefore, the workmen must be regarded to be casual workmen. In the first place, the labourers have to have Dock Permits for the purpose of working in the Docks and these Dock Permits are granted by the Port Commissioners. The evidence of O.P.W. 1 Shri Debtosh Sarkar shows that there are permanent permits and also temporary permits, that the period of validity of permanent permits is 2 years from the date of issue, that no permanent permit

was issued in the year 1964 and that in a permanent permit issued by the Port Commissioners, both the company and the applicant put their signatures. The witness had produced records regarding the dock permits of Messrs. Ali Hossain & Sons and has also stated that no permanent Dock permit has been issued in the year 1964-65.

The cross-examination of this witness has been declined by Shri Roy. Therefore, Shri Roy did not dispute that in respect of at least some of the workmen of Messrs. Ali Hossain & Sons, Dock permits had been issued. The dock permit (Ext. 21) issued to O.P.W. 2. Vatu Mahato is admitted by P.W. 4 Barkat. He, however, says that one or two labourers are sent in case of necessity to the Dock. At the time of cross-examination P.W. 4 has said that one or two, or three persons or whatever may be the number of persons for whom they have taken steps for issuing dock permits, are not included within 40 or 44 persons in respect of whom they deduct the provident fund contribution. It appears to me that a fair number of labourers had been employed in the Dock for whom dock permits had been issued. If really the labourers are employed on daily basis and also on "no work no pay" basis, I do not see how the dock permits could have been issued to some of the labourers for working in the dock. Those labourers certainly cannot be regarded to be casual workmen.

The next circumstances to which reference must be made is with regard to the provident fund of the employees to which contribution is made by the employers. On this point P.W. 1 had stated that if any labourer works for 240 days in a year, the employers maintain provident fund account for him and under the direction of the Government. Later on, he had stated that without consulting the Khatas, he is unable to say how many of the charge-sheeted labourers had worked for 240 days in the year, and whether there are provident fund account in respect of them. His further evidence is that he had come to know that there are some 40 persons who had got provident fund accounts, but the accounts were not opened before he had joined. Even according to the evidence, there were provident fund accounts sometimes after he had joined in May 1964. P.W. 2 had said that he had got provident fund accounts and that some of the employees of Messrs. Ali Hossain & Sons have got their provident fund accounts.

Later on he has, however, stated that he has nothing to show that he has got the provident fund accounts. P.W. 3 had said that he has got a provident fund account, but has got no document to show this. P.W. 4 who is one of the partners of the firm and the other three partners being his brothers, had said that some 40/44 labourers have got their provident fund accounts, and that the employers deduct 8 per cent. from the wages of the labourers as the provident fund contribution and that the amount deducted is kept in the first instance with them and after the month is over, the total amount is deposited with the Brooke Bond Company. His further evidence is that the employers also give contributions regarding the provident fund, that the provident fund deductions are made only in respect of those workers who had worked for 240 days in the year and that he cannot remember when the employers had started making deductions from the wages of the labourers. However, even according to the evidence of P.W. 4 provident fund deductions are being made from the wages of 40 or 44 labourers out of about 70 or 80 workers. The number possibly is little more as the work goes on in two shifts and as the employers had prepared some 100 tokens. P.W. 5 had said that he had got provident fund account. On the side of the workmen, both O.P.W. 2 and O.P.W. 3 had spoken about the provident fund accounts of the employees. Now the provident fund accounts had really been kept under the Employees' Provident Fund Act, 1952. This can only be on the basis that the workmen are engaged in the Tea Industry which is mentioned in the Schedule I of the Act, and also on the basis that they are employees as mentioned in section 2(f) of that Act. I think reference may also be made to paragraph 26 of the Employees' Provident Fund Scheme, 1952, wherein it has been stated, inter alia, that every employee employed in or in connection with the work of a factory or other establishment to which this Scheme applies, other than an excluded employee, shall be entitled and required to become a member of the Fund from the beginning of the month following that in which this paragraph comes into force in such factory or other establishment, if on the date of such coming into force, he has completed one year's continuous service or has actually worked for not less than 240 days during a period of twelve months or less in that factory or other establishment or in any other establishment or in any other factory or establishment to which this Act applies under the same employer, or partly in one or partly in the other. In this connection, reference may be made to the evidence of O.P.W. 2 that the Provident Fund Account is in force from December 1963. It appears to me that at least with regard to 40/44 employees of Messrs. Ali Hossain & Sons, there had been Provident Fund Accounts and also deductions from their wages and that these facts certainly show that at least these workmen cannot be casual workers. Mr. Roy appearing for the employers had placed some reliance on the entries in the pay rolls (Ext. N series). I do not think the employers have no other documents regarding the workmen excepting the pay rolls (Ext. N series). These pay rolls do not show the provident fund deductions of any of the employees, and in some of the pay rolls there are gaps. It is not clear why there should have been any gap and why the provident fund deductions regarding at least 44 employees should not be shown. The pay rolls are supposed to be the acquittance rolls of the employees. Incidentally, I would point out that all these pay rolls show that the workmen had been temporarily employed. There is no endorsement at all to the effect that the workmen are either casual workers or extra casual workers. Before I conclude the discussion regarding this point I would refer to the evidence of O.P.W. 3 Ram Bilash Mahato (serial No. 1). At the time

f cross-examination, his attention has been drawn o Exts. N-16 and N-13 and O.P.W. 3 has admitted is signatures. He had, however, stated that he had also signed other registers, but cannot remember how much he obtained after signing. It appears to me that not much reliance ought to be placed on the pay rolls which, in any case, does not show the full particulars regarding the wages, the deductions and the actual amount paid. I do not find the names of P.W. 2 and P.W. 3 in these pay rolls. It appears to me that the fact of provident fund deductions in respect of at least 44 employees indicates that these persons could not be casual workers or extra casual workers as stated by the employers.

The next circumstances to which reference has been made is the granting of leave to the employees. It appears to me that there is some evidence regarding the granting of leave on this point. O.P.W. 3 has said that for persons who had worked less than 200 days in the year, leave is granted without wages, for persons who had worked up to 239 days in the year, leave is granted with wages for 15 days and that for persons who had worked more than 240 days in the year, leave is granted for 21 days, and that the money is paid after the employee returned from home and produced the paper granting the leave. O.P.W. 3 has referred to Ext. 22 which is alleged to be an application by Raja Mia. He had also referred to endorsements by Hanif (Ext. 22A and Ext. 22B). Nothing has transpired in the cross-examination which would show that the evidence cannot be accepted. At the time of cross-examination, he has said that unless leave is due or unless there is some urgent necessity for coming, noone can take any leave, that the persons take their leave on the expiry of the year and that one of the demands made before the Labour Commissioner was regarding leave. This only means that the workmen wanted to regularise the matter regarding the granting of leave. I do not think that this shows that, in fact, no leave is granted to the employees as stated in the written statemnt of the employers. O.P.W. 2 has also corroborated the evidence of O.P.W. 3 regarding the granting of leave to Raja Mia. Md. Hanif who is one of the brothers of P.W. 4, has not been examined in this case to give a denial regarding the granting of leave to Raja Mia. There is nothing in the evidence from the side of the employers which would show that the workmen are not entitled to get any leave even in the case of necessity or urgency. There is, therefore, some evidence regarding the granting of leave, but as the evidence is not full and complete, it is not possible to come to any definite conclusion regarding the nature and kind of leave to which the workmen are entitled.

It appears to me that if all the facts and circumstances which I have mentioned above, are considered together, the conclusion is irresistible that the employees are not casual or extra casual workers and that they are at least temporary employees. The evidence certainly shows that a large number of employees had worked for more than a year. It is not for me to decide whether the employees are permanent employees of Messrs. Ali Hossain & Sons, as this is not a point to be decided in this reference. The contention, therefore, that the labourers are casual, or extra casual labourers, must be over-ruled.

The next question which arises for consideration is whether the serial numbers 51, 95, 97 and 100 are still working in the Firm as alleged on behalf of the employer. The name of these persons are Algu Mahato, Idris Mia, Latiff Mia and Rahish Mia (No. II). On this point there is only the general evidence of P.W. 4 Barkat Hossain that the details given in pages 5 to 8 of the written statement of the employer were obtained from the pay registers. There is no specific evidence that the four persons mentioned above are still continuing in the employment of Messrs. Ali Hossain & Sons. The pay registers had not been produced to show that these four persons are still drawing their wages even after the reference to this Tribunal. Only certain pay rolls (Ext. N series) had been produced before this Tribunal. These pay rolls are only from 23rd August 1964 to 10th October 1964. So far as Algu Mahato is concerned, his names appear in exhibit Nos. N/13, N/16, N/19, N/21, N/24, N/28 and N/30. So far as Idrish Mia is concerned, it is rather difficult to say anything because there are two Idrish Mia, No. I and II. The names of Idrish Mia No. II appear in exhibit Nos. N/13, N/16, N/19, N/21, N/23 and N/30. So far as Latiff Mia is concerned, his names appear in exhibit Nos. N/13, N/16, N/19, N/21, N/23, N/28 and N/30. So far as Rahish Mia No. II is concerned, his names appear in exhibit Nos. N/13, N/19, N/21, N/28 and N/30. As I have mentioned earlier, there are gaps in the pay rolls for which no explanation was offered before me. I am unable to couclude that these pay rolls have been kept in regular course of business. But even supposing that they had been so kept, they certainly do not show that the four persons mentioned above, are still continuing in service of Messrs. Ali Hossain & sons. I have not overlooked that there is no dfinite evidence on the side of the workmen that these four persons are no longer in the employment of Messrs. Ali Hossain & Sons. I have further not overlooked that none of them has been examined by the union. Still the fact remains that the documentary evidence viz., the pay register showing the drawal of wages of these persons has not been produced by the employer and no explanation has been offered why the pay register had not been produced before this Tribunal. I therefore cannot accept the submission made by Shri N. Roy for the employer that these four persons are still continuing in employment of Messrs. Ali Hossain and Sons.

The next question which arises for consideration is whether the workmen in serial Nos. 43, 58, 65, 74, 78, 81, 82, 86, 99 and 104 were ever in the employment of Ali Hossain & Sons. The names of these persons are Mahammad Mia, Md. Mia, Saddique Mia, No. III, Jagadish Roy, Nokhey Mahato, Jogendra Sahani, Mohan Roy, Achhelal Roy, Adalat Miah and Baleswar Shaw. Here again the evidence is the same, viz., the evidence of P.W. 4 that the details as given in the written statement are correct. Barring his solitary statement that these persons did not do any work at all as stated in paragraph 11 of the written statemen

of the employer, there is no other evidence that these 10 persons were not in the employment of Messrs. Ali Hossain & Sons. As mentioned above, the pay register has not been produced and only some pay rolls (Ext. N series) had been produced before this Tribunal. I have gone through these pay rolls and have not been able to find out all the ten names as mentioned above. It however appear that the name of Jogendra Sahani appears in Ext. N/16, and the name of Baleswar Shaw appears in Ext. N/9, Ext. N/8, and Ext. N/12. Of course, the writing is not very clear and the name might be read as Baleswar Sahani. In the circumstances, I am not prepared to accept the evidence of P.W. 4 that all these 10 persons were not in the employment of Messrs. Ali Hossain & Sons. I accordingly do not accept the submission of Shri N. Roy that so far as these 10 persons are concerned, the question of refusal of employment does not arise.

The next question which arises for consideration is whether the workmen whose names appear in the list mentioned in pages 5 to 8 of the written statement of the employer had given up their jobs of their own accord on the dates mentioned therein. In the previous portion of this award I have mentioned the dates and also the serial numbers and it is not necessary to mention them again. It would be sufficient to mention that the dates are different dates from 1st July 1963 to 26th October 1964. Here again, the evidence is the same evidence of P.W. 4 which I have already mentioned above. The pay register on the basis of which the list of workmen given up their service of their own accord, has been prepared by the employer, have not been produced before this Tribunal and it is therefore difficult to say whether the list as prepared and as mentioned in pages 5 to 8 of the written statement of the employer, is correct or not. The name of Ram Bilas Mahato (Serial No. 1) appears in this list which shows that he had given up the work on 5th September 1964. He is, however, one of the persons against whom the charge-sheets had been issued by the management for alleged misconduct and against whom there was the alleged enquiry. If really Ram Bilas had given up the service of his own accord on 5th September 1964, there is hardly any reason for issuing the notice on 3rd December 1964 (Ext. A/13 on admission) and also the further notice (Ext. C/5 on admission) for holding another enquiry on 27th December 1964. There is also no point in dismissing Ram Bilas from service with effect from 6th January 1965 (Ext. J), if Ram Bilas had already given up his job of his own accord on 5th September 1964. O.P.W. 3 Ram Bilas had stated in his evidence that 104 persons including him had struck work on 7th October 1964 and nearly all these 104 workmen had tried to resume work from 26th November 1964. His further evidence is that he had not given up his work of his own accord on 5th September 1964 and worked up to 6th October 1964 but has not received his wages for the week ending up to 6th October 1964. There is no serious cross-examination of O.P.W. 3 and there is no reason why his evidence that he had worked up to 6th October 1964 should not be accepted. It also appears from the evidence that he is one of the 104 persons who were arrested from their homes by police. Later on, he has modified his statement and has said that he was not actually arrested but he appeared to Court after coming to know about the matter. On the other hand P.W. 4 has not explained how the name of Ram Bilas came to be included in the list which I have mentioned above. The pay roll (Ext. N/32) from 4th October 1964 to 10th October 1964 shows the name of Ram Bilas and further shows that the amount due to him as wages for that week had not been paid to him. I shall take other instance. The list shows that Orsally Miah had given up the job of his own accord on 2nd October 1964. He is also one of the persons against whom the charge-sheet was issued and the enquiry is alleged to have been held. If he had already given up his job on 2nd October 1964, I do not understand, how the charge-sheet could have been issued to him much later. The pay roll (Ext. N/27) shows that he had worked up to 3rd October 1964, but the wages for the week from 27th September 1964 to 3rd October 1964 has not been paid to him. Therefore the list so far as he is concerned, cannot also be corect. The serial numbers 3, 5 to 8 and other persons alleged to have given up work on 6th October 1964 and serial No. 4 is alleged to have given up work from 5th October 1964. If this is so, I do not see why the charge-sheets had been issued to serial Nos. 3 to 7. The names of serial Nos. 3 to 7 do not appear in the pay roll (Ext. N/32) from 4th October 1964 to 10th October 1964. It is unnecessary to multiply instances, specially as the pay register on the basis of which the list itself was prepared by the employer has not been produced before this Tribunal. In my opinion, there is no cogent and reliable evidence that the persons whose names have been mentiond in the list in pages 5 to 8 of the written statement of the employer, had given up their jobs of their own accord on the dates mentioned in that list. Actually as mentioned earlier in this award, the total number of employees in that list is 92 and not 90 as stated on behalf of the employer. If really charge-sheets had not been issued to 38 employees out of 104 employees mentioned in the list annexed to the letter of reference, then the number of the persons who are alleged to have given up the work of their own accord, comes to 66 persons. Shri Roy did not even attempt to reconcile the discrepancy. I have, therefore, come to the conclusion that the submission of Shri N. Roy appearing for the employer that the persons whose names have been mentioned in the list of the written statement of the employer had given up their jobs of their own accord, cannot be accepted.

I shall now turn to discuss the case of 38 workmen who are alleged to have been dismissed as a result of the enquiry. The serial Nos. as given in the written statement of the employer are 1 to 7, 10 to 13, 17, 18, 26 to 35, 37 to 39, 41, 42, 45 to 50, 54, 60, 90 and 91. Shri Roy on behalf of the employer had handed up a list of these charge-sheeted workmen. Except with regard to one workman named Pearilal Shaw (serial No. 80),

the list appears to be correct. It appears that actually the serial number should be 18 (Sekhwat Miah) and not serial No. 80 (Pearilal Shaw). In point of fact, both the first notice before the first alleged enquiry and the second notice before the second alleged enquiry had been issued by the management to all the 38 workmen including the workmen in serial No. 18. (Ext. A to A/37 and Ext. C to C/37). Most of these notices had been marked on admission, while the other notices had been marked dispensing with formal proof. The first batch of list was sent by registered post with acknowledgment due and also under Certificate of Posting (Ext. B series). There are acknowledgment receipts purported to be thumb impressed and signed by Pitambar Roy (serial No. 5), Rahim Miah (serial No. 31), Kaloo Miah (serial No. 37) and Burhand Miah (serial No 42). On the back of the envelopes issued to Aziz Miah (serial No. 17), Rezzak Miah (serial No 32), Jogeswar Choudhury (serial No. 38), Rahish Miah No. I (serial No. 39) and Nawab Miah (serial No. 48), there are endorsements by the postal peon "refused" on 18th December 1964. Curiously enough, there is another envelope addressed to Nawab Miah, but possibly the subsequent notice, dated 21st December 1964, was sent in that envelope. So far as serial Nos. 1 to 4, 5 to 7, 10 to 13, 26 to 30, 33 to 35, 41, 45 to 47, 49, 50, 54, 60 and 91 are concerned, there are endorsements by the postal peons "not known, 9th December 1964" and "not known, 11th December 1964". Therefore, 28 envelopes had come back with endorsements "not known" and there was therefore, no service in respect of the workmen whose serial numbers I have mentioned above. It may also be pointed out that though there appears to be a registration receipt in the name of Sekhwat Hossain (serial No. 18), there is no envelope bearing his name. It is, therefore, not possible to say whether Sekhwat Hossain had refused the envelope or whether that envelope bore the endorsement "not known". However, that may be, the fact remains that at least in the case of 28 workmen, there had been no service of envelope containing the notice, dated 3rd December 1964. With regard to the acknowledgment receipts, which I have mentioned above, the date of receipt of the cover appears to be 9th December 1964 and 10th December 1964, that is to say, after 8th December 1964 which was the date fixed for the enquiry. With regard to the refusals, I have mentioned above that the postal endorsements show that the covers were refused on 18th December 1964 when the enquiry was to be held on 8th December 1964. It is, therefore, abundantly clear that there had been no service of notice regarding the enquiry before or by 8th December 1964. The management therefore, could not held any enquiry on 8th December 1964 and it cannot be said that the workmen did not appear at the alleged enquiry on 8th December 1964 and had allowed the enquiry to be held ex parte on that date.

In view of the above conclusion it is really not necessary for me to discuss the evidence regarding the alleged enquiry held on 8th December 1964 by P.W. 1, specially as it is the case of the management that the enquiry held on 8th December 1964 had been cancelled on 11th December 1964, and fresh date of enquiry was fixed on 27th December 1964. It would appear that the reason for cancellation of the enquiry held on 8th December 1964, as given by P.W. 1, is the receipt of a letter from Pitambar and others asking for a chance to participate in the enquiry. I shall only very shortly discuss the matter. Ext. G, is dated 7th December 1964 and refers to the letter, dated 3rd December 1964. It has been stated, inter alia, that no charge-sheet had been issued and no explanation had been obtained, and therefore, the holding of the enquiry is illegal, that the failure to appear at the appropriate time and place, cannot be considered to be acceptance of the allegations by the workmen and that the workmen had to attend courts on 8th December 1964, and unless full particulars and documents are given, the workmen cannot participate in the enquiry. It is, of course, prayed that the suitable date may be fixed so that the workmen get a chance of defending themselves before the enquiring officer. The signatures in this letter, Ext. G, are by workmen in serial Nos. 1, 2, 4, 5, 10, 13, 17, 18, 30, 31, 32, 35, 37, 39, 42, 47, 48, 49, 50, 54 and 60. This at best shows that only 21 workmen out of 38 workmen against whom there were to be enquiry, had received the notice of the enquiry on or about 7th December 1964. Perhaps, several of them did not actually get the cover containing the notice, but came to know about the enquiry otherwise. However, that may be, the enquiry proceeding of 8th December 1964 has not been put in on behalf of the management. The only other evidences are of P.W. 2, Alamgir Khan and P.W. 5, Md. Habib, who are alleged to have given evidence at the time of enquiry on 8th December 1964. P.W. 4 Barkat Hossain had also said regarding the enquiries on two dates and added that after the enquiry on the first date, the employers received a written communication from 22 persons including Pitambar stating that some more time should be granted and hence he had asked P.W. 1 to hold another enquiry. It appears that P.W. 4 had overlooked and actual objections raised by some of the workmen in their letter, Ext. G. The matter, however, need not be further pursued in view of the admitted cancellation of the enquiry held on 8th December 1964.

I shall now turn to discuss regarding the alleged enquiry on 27th December 1964. But before I do so I would point out that neither the enquiry held on 8th December 1964 nor before the enquiry held on 27th December 1964, charge-sheets were served on the concerned workmen and their explanations obtained by the management. It appears that the management had combined the alleged charge-sheet and the alleged notice of enquiry into one. Shri Roy was unable to explain how this was possible and how the management could proceed to hold an enquiry straightaway without at first issuing charge-sheets to the concerned workmen and obtaining their explanations. In my opinion, it was incumbent on the management to issue the charge-sheets on the concerned workmen, at first and then to obtain the explana-

tions from those persons and if explanations were found to be unsatisfactory and not acceptable, then and then only, the date of enquiry might have been fixed regarding the alleged misconduct of the concerned workmen. It appears to me, therefore, that there is an infirmity regarding the alleged enquiry. As I have stated above, the next date of enquiry was 27th December 1964 and notices regarding the fresh enquiry were issued on 21st December 1964. Ext. C series are the alleged notices and Ext. D series are the alleged postal acknowledgment and receipts. I have already referred to Ext. C series and I shall now only refer to Ext. D series. So far as serial Nos. 31, 32, 39, 49, 50 and 60 are concerned, the acknowledgment receipts show the date to be 26th December 1964; so far as serial Nos. 46, is concerned, the date appears to be 24th December 1964 and so far as serial No. 48 is concerned, there is absolutely no date in the acknowledgment receipts; so far as serial Nos. 1, 2, 3, 4, 7, 10, 11, 18, 26, 28, 30, 33, 37 and 91 are concerned, the envelops containing the endorsement "refused" are dated 28th December 1964; so far as serial Nos. 13, 31, 32, 33, 50, 54 and 60 are concerned, the covers containing the endorsement "refused" are dated 26th December 1964; so far as serial Nos. 29 is concerned the endorsement on the cover is that it was refused on 25th December 1964. The cover addressed to serial Nos. 6 contains undecipherable endorsement. There are also two covers so far as serial Nos. 1 and 35 are concerned. There are no covers so far as serial Nos. 5, 17, 27, 34 and 47 are concerned. It would therefore appear that except in very few cases, the notices regarding the further enquiry or fresh enquiry were not served before 27th December 1964 which was the date for enquiry. Even with regard to the notices served before 27th December 1964, the time available appears to be too short to enable the workmen to prepare the defence. I am unable therefore to accept the submission of Shri N. Roy that adequate opportunity had been given to the concerned workmen to appear at the adjourned enquiry or fresh enquiry to be held on 27th December 1964. It appears to me that regarding both the enquiry, the workmen did not get adequate and proper notice, and therefore the enquiries were held in violation of the principles of natural justice.

I have already mentioned above that separate charge-sheets had not been issued to the concerned workmen. It appears that even in the notices, Exts. C series, the misconducts had not been stated. It is only stated therein that the management had received the explanation on 10th December 1964. I have already discussed Ext. G which certainly cannot be regarded to be an explanation. If it is anything at all, it is a letter asking for certain opportunities and also further time for enquiry. The enquiring officer (vide the enquiry proceeding, Ext. L) has stated that some of the workmen had accepted the charge-sheets and others had refused to accept the same. The total number of these persons is 29 and that he had recorded the statements of Md. Habib and Alamgir Khan. It would appear that Md. Habib and Alamgir Khan had spoken about the alleged illegal stay-in-strike on 7th October 1964 and the alleged assaults and injury to willing workers on 8th October 1964. This is all the evidence which was given at the time of the enquiry on 27th December 1964. The report, Ext. M, shows that the enquiring officer found that the alleged illegal strike had not been established. He, however, found that the workmen had indulged in riotious conduct on 8th October 1964 by making "Hallas" and assaulting and injuring the willing workers. It may be pointed out that not a single injured workman was examined before the enquiring officer and no document had been produced to show that some workmen could not attend to their duties due to the alleged injuries inflicted on the willing workers. It may also be pointed out that there was no definite evidence before the enquiring officer as to who had actually assaulted whom, and who had only joined in the riotious assembly. The conclusion there of the enquiring officer also appears to me to be perverse. It also appears to me that in view of the infirmities which I have mentioned above, the conclusion whether there had been misconducts as alleged on the part of the workmen, must be decided by the Tribunal on the evidence adduced before this Tribunal.

I shall now discuss the question whether there was the illegal stay-in-strike on 7th October 1964 and the further question whether there had been the assault and riotious conduct on 8th October 1964. Regarding the first question, it appears to me to be at least doubtful whether the Tribunal can enter into the question of the alleged illegal stay-in-strike in view of the finding of the enquiring officer that the illegality regarding the stay-in-strike had not been established before him. However that may be, it appears to me that the strike on 7th October 1964 is admitted on behalf of the workmen. It was submitted that no notice was given by the workmen concerned before the stay-in-strike on 7th October 1964. It does not appear that any notice was given but it is very difficult to say from the evidence which has been adduced before this Tribunal as to the workmen who had really participated in the alleged illegal strike on 7th October 1964. It would be remembered that we are only concerned with 38 workmen whose serial Nos. I have mentioned above. On the basis of the evidence before this Tribunal, it is not possible to come to any other conclusion except that there was some stay-in-strike on 7th October 1964. It is not possible to say whether all these 38 workmen or some of them had participated in that stay-in-strike. Neither the evidence of P.W. 4 nor the evidence of P.W. 5 is definite on this point. Therefore, I am unable to come to the conclusion that these 38 workmen or some of them did participate in the stay-in-strike. At least there is considerable room for doubt whether they had done so or not. With regard to the other question, it would appear from the evidence that one Md. Jakir was severely assaulted by some of the workmen on 8th October 1964, when he came for the purpose of working as Shri Biswas for the workmen had pointed out Jakir had come to the Tribunal on certain dates, but was never examined by the management. There is also the fact that 104 workmen were arrested by the police

after the alleged occurrences of 8th October 1964. The evidence on the side of the workmen is that they had been arrested from their homes. It appears to me that nothing turns on the question as to where they were arrested, but the fact remains that none of these workmen had been convicted by the Criminal Court. There is also no positive and definite evidence that these 38 workmen or any of them had committed assaults on Md. Jakir, or any other willing workmen. The evidence on the side of the workmen (vide O.P.Ws. 2 and 3) is that they had come on 8th October 1964 for the purpose of working but unable to do so. No doubt P.W. 2 Alamgir Khan and P.W. 3 Md. Israil had spoken about the assault on 8th October 1964. The evidence of P.W. 3 who is a Tindal is that Singeswar, Dhanik, Ajodhi, Qarsalli, Phool Hossain, Ram Bilas Mahato, Kaloo Mia and others had assaulted the willing workers. P.W. 3 certainly does not mention the names of all the 38 workmen. It was suggested to him that, in fact, the management employed Lathials and goondas who began to assault those persons. The suggestion had been denied. P.W. 2 however had said that several persons had thrown brickbats and stones, and though he was injured, he did not lodge any complaint. He has further stated that Jakir was severely assaulted and Anwar and Phate also sustained injury. As I have mentioned earlier, the injured persons had not been examined in this case to prove that, in fact, they had sustained injuries at the hands of 38 workmen, or some of them. Curiously enough, P.W. 5 Md. Habib had not said anything regarding the alleged assault on 8th October 1964. There is also some discrepancy regarding the place of occurrence. Whereas some evidence that the incident had taken place at the godown No. 11, there is some other evidence to show that the incident had taken place in the land of the Port Commissioners. Perhaps the expression "land of the Port Commissioners" had been loosely used, but if the witnesses examined by the management had really seen the occurrence, there is no reason why there should be discrepancy at all regarding the place of occurrence. There is also some little discrepancy regarding the time of occurrence. According to some of the witnesses, the occurrence had taken place at about 8 a.m. on the 8th October 1964, and according to others, the occurrence had taken place at about 8-15 a.m. or 8-30 a.m. on that day. The discrepancy regarding time and place of occurrence may, or may not be very material, but I am unable to conclude that any of the 38 workmen had really participated in the assault and riotious conduct on 8th October 1964 in the absence of evidence of injured person and also in the absence of evidence of P.W. 5 Habib who must certainly had been there on that day. Incidentally I would point out that the pay rolls, Exts. N-24 and N-32 and N-25 show that some of the concerned workmen, like Dhanik Shaw, Algoo Mahato, Munshi Sahani, Raghu Sahani and others had worked up to 8th October 1964. In view of the strike, it is very unlikely that the 38 workmen would turn up again on 8th October 1964 and would commit assault and indulge any riotious conduct on 8th October 1964. I have therefore come to the conclusion that the misconduct alleged had not been substantiated by any reliable and cogent evidence.

Before I conclude, I would point out that undisputably the conciliation with regard to the demands made in the Charter of Demands was pending before the Conciliation Officer, namely, the Assistant Labour Commissioner. It is not necessary for me to decide whether the workmen had prevented the employers from attending the conciliation meeting before the Assistant Labour Commissioner. The evidence of P.W. 1 shows that the conciliation proceeding was pending on 12th September 1964. The dismissal letters (vide Ext. E) dated 29th December 1964 show that the workmen had been dismissed with effect from 29th December 1964 and further show that they are not to get any wages for the period from 7th October 1964 to 29th December 1964. The dismissal of the concerned workmen had taken place during the pendency of the conciliation proceeding, but no application was filed before the Conciliation Officer under section 33(2)(b) of the Industrial Disputes Act. The orders of dismissal are, therefore, illegal and invalid. I would further mention that I had not discussed certain questions, for example, the question as to whether the business is a continuing business from the time of Ali Hossain or whether there was new business of the sons of Ali Hossain with effect from 3rd September 1962. I consider the other questions to be irrelevant having regard to the scope of reference, and therefore, I have not discussed the evidences bearing on those other questions. However, in view of my above findings the workmen mentioned in the letter of reference and entitled to the reliefs which are mentioned below.

In view of my above conclusions, I am of opinion that the workmen mentioned in the list in the letter of reference are entitled to be reinstated in service with full wages for the period of unemployment, and with continuity of service.

The employers, therefore, are directed to reinstate in service all the 104 workmen mentioned in the list attached to the letter of reference, with full back wages for the period of forced unemployment and with continuity of service within a month of the publication of this award in the "Calcutta Gazette". This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Fatechand, 2/2B Armenian Street, Calcutta-1 and eleven other companies on the one part and their workmen represented by Calcutta Rangkal Mazdoor Congress, 35/B Wellington Street, Calcutta-13, on the other. Government Order No. 5019-I.R./IR/11L-152(A)/64, dated the 17th November 1965. (VIII-316/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M.A., LL.B.,
Judge, Fourth Industrial Tribunal

The present dispute was originally sent to the First Industrial Tribunal for adjudication under the Government of West Bengal, Labour Department, order No. 1956-I.R./IR/11L-152(A)/64, dated 26th May 1964, read with its corrigendum No. 6422-I.R./IR/11L-152(A)/64, dated 1st December 1964. Subsequently, however, it has been withdrawn from the file of the said First Industrial Tribunal and transferred to this Tribunal for adjudication of the following issues:

Issues

1. Dearness Allowance, 2. Quarter Allowance, and 3. Festival holidays.

The parties mentioned in the order of reference are—(1) Messrs. Fatechand, 2/2B Armenian Street, Calcutta-1, (2) Messrs. Udaya Chand Sukhlal, 1 Armenian Street, Calcutta-1, (3) Messrs Kothari & Co., 43 Armenian Street, Calcutta-1, (4) Messrs. Fatechand Kalooram, 4 Chakrapara Road, Lillooah, Howrah, (5) Messrs. Champalal Agarwala, 45 Armenian Street, Calcutta-1, (6) Messrs. Manickchand Chatar Singh, 11 Khengrapatty Street, Calcutta-7, (7) Messrs. Fatechand Jahurilal, 9 Kundu Bye Lane, Lillooah, Howrah, (8) Messrs. Fatechand Jahurilal, 34 Armenian Street, Calcutta, and 2/2B Armenian Street, Calcutta, (9) Messrs. Prayagjee Brothers, 37 Canning Street, Calcutta, (10) Messrs. Udaychand Seshkaram, 1 Armenian Street, Calcutta, (11) Messrs. Neem Chand Meghraj, 125 Khengrapatty Street, Calcutta and (12) Messrs. Pratabmull Gobindram, 436 G.T. Road, North, Howrah, on the one part and their workmen represented by Calcutta Rangkal Mazdoor Congress, 35/B Wellington Street, Calcutta-13, on the other.

During the pendency of the case before the First Industrial Tribunal, a joint petition was filed by Messrs. Pratabmal Gobindram and their workmen represented by Calcutta Rangkal Mazdoor Congress stating that the dispute between them had been settled by an agreement and that they did not want to proceed further in this case. They therefore prayed in the petition that an award might be passed in terms of the said agreement filed along with the petition.

Yesterday when the case was taken up by me for hearing, another joint petition of compromise was filed by Messrs. Uday Chand Sukhlal, Messrs. Kothari & Company, Messrs. Champalal Agarwalla, Messrs. Manick Chand Chattar Singh, Fatechand Chand Jahurilal, Messrs. Prayagjee Brothers and Messrs. Neemchand Megraj, on the one hand and their workmen represented by Calcutta Rangkal Mazdoor Congress, on the other, stating that their dispute had already been settled on the terms mentioned therein. They prayed that an award might be passed in terms of the said compromise. I have heard the parties concerned and considered the petitions filed on 14th August 1965 and also yesterday along with the terms of settlement. On hearing the parties I am satisfied that the compromises are voluntary, legal and reasonable. Yesterday Shri Ghosh for the union was not present and, therefore, I adjourned the case till today. Today, however, Shri Ghosh appears and submits that an award may be passed in terms of the petitions filed and that the union does not press for any claim in this case against Messrs. Fatechand, Messrs. Fatechand Kalooram and Messrs. Udaychand Seshkaram, admittedly wrongly mentioned as Udaychand Seshkaram, and it is also admitted by the parties before me that Messrs. Fatechand Jahurilal has also been wrongly mentioned as Fatechand Jahurilal in the order of reference due to clerical mistake.

In these circumstances, I, therefore, find that there is no dispute regarding Messrs. Fatechand, Messrs. Fatechand Kalooram and Messrs. Udyachand Sanskaram. As prayed for by the parties I pass an award in terms of the joint petitions of compromise which shall form parts thereof. The joint petition of Messrs. Pratabmal Gobindram and their workmen shall be marked Annexure 'A' and the Agreement attached thereto shall be Annexure 'A/1' to this award. The petition of compromise filed yesterday by Messrs. Udaychand Sukhlal and six others on the one hand and their workmen on the other, shall be marked Annexure 'B' hereof. I should mention in this connection that Messrs. Fatechand Jahurilal, serial No. 8, and Fatechand Jahurilal, serial No. 7, mentioned in the order of reference referred to the same concern, and that concern is a party to the compromise mentioned in Annexure 'B'.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. DATTA GUPTA, Judge
Third Industrial Tribunal.

For the Union: Shri M. M. Saha, Advocate.

For the Company: Shri H. L. Roy, Advocate.

AWARD

By order No. 354-I.R./IR/10L-160/62, dated the 24th January 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Sm. Manada Sundari Saha, Proprietress, Messrs. B. S. Engineering Corporation, Factory No. 1 at 117 Raja Dinendra Street, Calcutta-4 and Factory No. 2 at Jessore Road, Dum Dum and her workmen employed in the two factories represented by B. S. Engineering Corporation & Auto Welders & Engineers Workers' Union, 86A Lower Circular Road, Calcutta-14, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Puja Bonus and Bonus out of profits payable in 1962.

On receipt of notices issued from this Tribunal, parties appeared and filed written statements.

In the written statement filed on behalf of the union it has been inter alia stated that though in the financial year Bhadra 1369 B. S., corresponding to 16th August 1962, the company had earned huge profits, it has not declared any puja bonus or bonus out of profits for the said year. Accordingly the union referred the matter to the Labour Commissioner by letter, dated 10th September 1962. Thereafter the management entered into an agreement and agreed to pay 22 days' wages as advance on pro rata basis to be adjusted against the award and also agreed to refer the matter to the Tribunal for adjudication. The union claims two months' wages as profit bonus and 24 days' wages as customary bonus.

The company filed its written statement on 3rd July 1963 and therein it has pleaded its inability to pay any bonus—profit or customary, as there was no available surplus for payment of bonus during the period under reference.

On 16th March 1966 when the case was taken up for hearing, the parties filed a joint petition stating that the dispute has been amicably settled on terms mentioned in the petition and praying for an award incorporating the terms. The petition was signed by Shri H. L. Roy, Advocate for the employer and Shri M. M. Saha, Advocate for the union. It was also signed by the Secretary of B. S. Engineering Corporation and by Shri Phani Mukherji, Secretary of the union.

I have considered the terms and also heard the parties' representatives on the petition. The terms appear to me fair and reasonable and I am satisfied that the parties have settled their disputes out of Court on terms mentioned in the petition and that there is no outstanding dispute between them. Accordingly I pass a compromise award in terms of the joint petition which do form part of the award as Annexure 'A'.

This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission.

(1) A certificate from the Headmistress of the School which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.
